1. PURPOSE:

1.1 Establishment of Contract

1.1.1 In accordance with Chapter 34, Section 34.044 of the Revised Statutes of Missouri (RSMo), the State of Missouri, Division of Purchasing desires to enter into a contract with I-CON Systems, Inc. as a single feasible source for I-CON water meter parts and supplies for the Missouri Department of Corrections' Farmington Correctional Center. The requirements have been posted in accordance with 34.044 RSMo.

2. GENERAL CONTRACTUAL AND PERFORMANCE REQUIREMENTS:

2.1 Contract:

- 2.1.1 A binding contract shall consist of: (1) the Single Feasible Source (SFS) document, and any amendments thereto, (2) the contractor's response, (3) clarification of the response, if any, and (4) the Division of Purchasing's acceptance of the response by "notice of award" or by "purchase order". All Exhibits and Attachments included in the SFS shall be incorporated into the contract by reference.
- 2.1.2 A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the State of Missouri, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the state agency.
- 2.1.3 The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein.
- 2.1.4 Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Division of Purchasing or by a modified purchase order prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

2.2 Contract Period:

2.2.1 The original contract period shall be as stated on page 1 of this document. The contract shall not bind, nor purport to bind, the state for any contractual commitment in excess of the original contract period. The Division of Purchasing shall have the right, at its sole option, to renew the contract for two (2) additional one-year periods, or any portion thereof. In the event the Division of Purchasing exercises such right, all terms and conditions, requirements and specifications of the contract shall remain the same and apply during renewal periods.

2.3 Percentage Discounts:

- 2.3.1 The state shall not pay nor be liable for any other additional costs including but not limited to taxes, shipping charges, insurance, interest, penalties, termination payments, attorney fees, liquidated damages, etc. All prices shall be FOB Destination, Freight Prepaid and Allowed.
- 2.3.2 The firm, fixed percentage discount quoted for line item 1 on the Pricing Page shall apply to the current manufacturer standard list price/catalog for I-CON water meter parts and supplies. The firm, fixed percentage discount quoted for line item 2 on the Pricing Page shall apply to the current manufacturer standard list price/catalog for stainless steel I-CON water meter parts and supplies.
- 2.3.3 The contractor shall understand and agree that the firm, fixed percentage discounts shall remain the same throughout the duration of the contract.

2.3.4 The contractor shall furnish the manufacturer's current list price/catalog (with products clearly identified) to the state agency upon request. The list price/catalog shall also be provided to the state agency as the list price/catalog changes and/or pricing is updated.

2.4 Payment Terms:

- 2.4.1. The contractor shall understand and agree the state reserves the right to make contract payments to the contractor through electronic funds transfer (EFT). Therefore, prior to any payments becoming due under the contract, the contractor must update their vendor registration with their ACH-EFT payment information at https://missouriBUYS.mo.gov. Each contractor invoice must be on the contractor's original descriptive business invoice form and must contain a unique invoice number. The invoice number will be listed on the state's EFT addendum record to enable the contractor to properly apply state payments to invoices. The contractor must comply with all other invoicing requirements stated in the single feasible source.
- 2.4.2 The contractor may obtain detailed information for payments issued for the past 24 months from the State of Missouri's central accounting system (SAM II) on the Vendor Services Portal at https://www.vendorservices.no.gov/vendorservices/Portal/Default.aspx.
- 2.4.3 All payment terms shall be as stated in the Terms and Conditions of the contract (see paragraph 2, "Invoicing and Payment") unless otherwise addressed herein, or mutually agreed to by the state and the contractor. Payment terms should be net 30 days unless otherwise stated herein. No late charges shall be applied which are not in compliance with Chapter 34.055 RSMo. This statute may be found at http://www.moga.mo.gov/mostatutes/ChaptersIndex/chaptIndex034.html.

2.5 Insurance:

- 2.5.1 The contractor shall understand and agree that the State of Missouri cannot save and hold harmless and/or indemnify the contractor or employees against any liability incurred or arising as a result of any activity of the contractor or any activity of the contractor's employees related to the contractor's performance under the contract. Therefore, the contractor must acquire and maintain adequate liability insurance in the form(s) and amount(s) sufficient to protect the State of Missouri, its agencies, its employees, its clients, and the general public against any such loss, damage and/or expense related to his/her performance under the contract. General and other non-professional liability insurance shall include an endorsement that adds the State of Missouri as an additional insured. Self-insurance coverage or another alternative risk financing mechanism may be utilized provided that such coverage is verifiable and irrevocably reliable and the State of Missouri is protected as an additional insured.
 - a. In the event any insurance coverage is canceled, the state agency must be notified within thirty (30) calendar days.

2.6 Contractor Liability:

- 2.6.1 The contractor shall be responsible for any and all personal injury (including death) or property damage as a result of the contractor's negligence involving any equipment or service provided under the terms and conditions, requirements and specifications of the contract. In addition, the contractor assumes the obligation to save the State of Missouri, including its agencies, employees, and assignees, from every expense, liability, or payment arising out of such negligent act. The contractor also agrees to hold the State of Missouri, including its agencies, employees, and assignees, harmless for any negligent act or omission committed by any subcontractor or other person employed by or under the supervision of the contractor under the terms of the contract.

As the work of the contractor progresses, advice and information on matters covered by the contract shall be made available by the contractor to the state agency or the Division of Purchasing throughout the effective period of the contract.

2.8 Replacement of Damaged Product:

2.8.1 The contractor shall be responsible for replacing any item received in damaged condition at no cost to the State of Missouri. This includes all shipping costs for returning non-functional items to the contractor for replacement.

2.9 Substitutions:

- 2.9.1 The contractor shall not substitute any item(s) that has been awarded to the contractor without the prior written approval of the Division of Purchasing.
- 2.9.2 In the event an item becomes unavailable, the contractor shall be responsible for providing a suitable substitute item. The contractor's failure to provide an acceptable substitute may result in cancellation or termination of the contract.
- 2.9.3 Any item substitution must be a replacement of the contracted item with a product of equal or better capabilities and quality, and with equal or lower pricing. The contractor shall understand that the state reserves the right to allow the substitution of any new or different product/system offered by the contractor. The Division of Purchasing shall be the final authority as to acceptability of any proposed substitution.
- 2.9.4 Any item substitution shall require a formal contract amendment authorized by the Division of Purchasing prior to the state acquiring the substitute item under the contract.
- 2.9.5 The state may choose not to compel an item substitution in the event requiring a substitution would be deemed unreasonable in the sole opinion of the State of Missouri. The contractor shall not be relieved of substituting a product in the event of manufacturer discontinuation or other reason simply for reasons of unprofitability to the contractor.

2.10 Business Compliance:

- 2.10.1 The contractor must be in compliance with the laws regarding conducting business in the State of Missouri.
