2.6 Invoicing and Payment Requirements:

- 2.6.1 The State of Missouri shall submit contract payments to the contractor at the remittance address listed in the contractor's MissouriBUYS vendor registration. However, the contractor shall understand and agree the state reserves the right to make contract payments to the contractor through electronic funds transfer (EFT). Therefore, prior to any payments becoming due under the contract, the contractor must verify and update, if applicable, their vendor registration with their current remittance address and ACH-EFT payment information at <https://MissouriBUYS.mo.gov>.
- 2.6.2 Each contractor invoice must be on the contractor's original descriptive business invoice form unless the contractor is submitting an integrated electronic invoice (eInvoice) in MissouriBUYS. Each invoice must contain a unique invoice number and the remittance address included in the contractor's MissouriBUYS vendor registration. The invoice number will be listed on the state's EFT addendum record to enable the contractor to properly apply state payments to invoices. The contractor must comply with all other invoicing requirements stated in the RFP.
- 2.6.3 The contractor may obtain detailed information for payments issued for the past 24 months from the State of Missouri's central accounting system (SAM II) on the Vendor Services Portal at <https://www.vendorservices.mo.gov/vendorservices/Portal/Default.aspx>.
- 2.6.4 Invoicing – contractor shall submit an itemized invoice for each order delivered to the address listed below. - 2.6.7 Notwithstanding any other payment provision of the contract, if the contractor fails to perform required work or services, fails to submit reports when due, or is indebted to the United States, the state agency may withhold payment or reject invoices under the contract.
- 2.6.8 Final invoices are due by no later than thirty (30) calendar days of the expiration of the contract. The state agency shall have no obligation to pay any invoice submitted after the due date.
- 2.6.9 If the contractor is overpaid by the state agency, upon official notification by the state agency, the contractor shall provide the state agency (1) with a check payable as instructed by the state agency in the amount of such overpayment at the address specified by the state agency or (2) deduct the overpayment from the monthly invoices as requested by the state agency.

3. CONTRACTUAL REQUIREMENTS

This section of the RFP includes contractual requirements and provisions that will govern the contract after RFP award. The contents of this section include mandatory provisions that must be adhered to by the state and the contractor unless changed by a contract amendment. Response to this section by the vendor is not necessary as all provisions are mandatory.

3.1 Contract:

- 3.1.1 A binding contract shall consist of: (1) the RFP, addendums thereto, and any Best and Final Offer (BAFO) request(s) with RFP changes/additions, (2) the contractor's proposal including any contractor BAFO response(s), (3) clarification of the proposal, if any, and (4) the Division of Purchasing's acceptance of the proposal by "notice of award". All Exhibits and Attachments included in the RFP shall be incorporated into the contract by reference.
- a. A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies, and/or services for the State of Missouri, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the state agency.
 - b. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein.
 - 1) The State of Missouri does not negotiate contracts after award.
 - c. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Division of Purchasing prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

3.2 Contract Period:

- 3.2.1 The original contract period shall be as stated on the Notice of Award. The contract shall not bind, nor purport to bind, the state for any contractual commitment in excess of the original contract period. The Division of Purchasing shall have the right, at its sole option, to renew the contract for two (2) additional one-year periods, or any portion thereof. In the event the Division of Purchasing exercises such right, all terms and conditions, requirements and specifications of the contract shall remain the same and apply during renewal periods.

3.3 Renewal Period:

- 3.3.1 If the option for renewal is exercised by the Division of Purchasing, the contractor shall agree that the prices for the renewal period shall not exceed the maximum price for the applicable renewal period stated on the Pricing Page of the contract.
- a. If renewal prices are not provided, then prices during renewal periods shall be the same as during the original contract period.
 - b. In addition, the contractor shall understand and agree that any renewal period increases specified in the contract are not automatic. At the time of contract renewal, if the state determines funding does not permit the specified renewal pricing increase or even a portion thereof, the renewal pricing shall remain the same as during the previous contract period. If such action is rejected by the contractor, the contract may be terminated, and a new procurement process may be conducted. The contractor shall also understand and agree the state may determine funding limitations necessitate a decrease in the

contractor's pricing for the renewal period(s). If such action is necessary and the contractor rejects the decrease, the contract may be terminated, and a new procurement process may be conducted.

3.4 Contract Price:

- 3.4.1 All prices shall be firm, fixed, and as indicated in Exhibit A, Pricing Pages. Except as set forth below, the state shall not pay nor be liable for any other additional costs, including but not limited to taxes, shipping charges, insurance, interest, penalties, termination payments, attorney fees, liquidated damages, etc.

3.5 Termination:

- 3.5.1 The Division of Purchasing reserves the right to terminate the contract at any time, for the convenience of the State of Missouri, without penalty or recourse, by giving written notice to the contractor at least thirty (30) calendar days prior to the effective date of such termination. In the event of termination pursuant to this paragraph, all documents, data, reports, supplies, equipment, and accomplishments prepared, furnished or completed by the contractor pursuant to the terms of the contract shall, at the option of the Division of Purchasing, become the property of the State of Missouri. The contractor shall be entitled to receive compensation for services and/or supplies delivered to and accepted by the State of Missouri pursuant to the contract prior to the effective date of termination.

3.6 Contractor Liability:

- 3.6.1 The contractor shall be responsible for any and all personal injury (including death) or property damage as a result of the contractor's negligence involving any equipment or service provided under the terms and conditions, requirements and specifications of the contract. In addition, the contractor assumes the obligation to save the State of Missouri, including its agencies, employees, and assignees, from every expense, liability, or payment arising out of such negligent act.
- a. The contractor also agrees to hold the State of Missouri, including its agencies, employees, and assignees, harmless for any negligent act or omission committed by any subcontractor or other person employed by or under the supervision of the contractor under the terms of the contract.
 - b. The contractor shall not be responsible for any injury or damage occurring as a result of any negligent act or omission committed by the State of Missouri, including its agencies, employees, and assignees.
- 3.6.2 The contractor shall understand and agree that pursuant to the Constitution of the State of Missouri, Article III, Section 39 the state shall not indemnify, hold harmless, or agree in advance to defend any person or entity.

3.7 Insurance:

- 3.7.1 The contractor shall understand and agree that the State of Missouri cannot save and hold harmless and/or indemnify the contractor or employees against any liability incurred or arising as a result of any activity of the contractor or any activity of the contractor's employees related to the contractor's performance under the contract. Therefore, the contractor must acquire and maintain adequate liability insurance in the form(s) and amount(s) sufficient to protect the State of Missouri, its agencies, its employees, its clients, and the general public against any such loss, damage and/or expense related to his/her performance under the contract. General and other non-professional liability insurance shall include an endorsement that adds the State of Missouri as an additional insured. Self-insurance coverage or another alternative risk financing mechanism may be utilized provided that such coverage is verifiable and irrevocably reliable and the State of Missouri is protected as an additional insured. In the event any insurance coverage is canceled, the state agency must be notified at least thirty (30) calendar days prior to such cancelation.

3.8 Subcontractors:

- 3.8.1 Any subcontracts for the products/services described herein must include appropriate provisions and contractual obligations to ensure the successful fulfillment of all contractual obligations agreed to by the contractor and the State of Missouri and to ensure that the State of Missouri is indemnified, saved, and held harmless from and against any and all claims of damage, loss, and cost (including attorney fees) of any kind related to a subcontract in those matters described in the contract between the State of Missouri and the contractor.
- a. The contractor shall expressly understand and agree that he/she shall assume and be solely responsible for all legal and financial responsibilities related to the execution of a subcontract.
 - b. The contractor shall agree and understand that utilization of a subcontractor to provide any of the products/services in the contract shall in no way relieve the contractor of the responsibility for providing the products/services as described and set forth herein.
 - c. Pursuant to subsection 1 of section 285.530, RSMo, no contractor or subcontractor shall knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. In accordance with sections 285.525 to 285.550, RSMo, a general contractor or subcontractor of any tier shall not be liable when such contractor or subcontractor contracts with its direct subcontractor who violates subsection 1 of section 285.530, RSMo, if the contract binding the contractor and subcontractor affirmatively states that:
 - 1) The direct subcontractor is not knowingly in violation of subsection 1 of section 285.530, RSMo, and shall not henceforth be in such violation.
 - 2) The contractor or subcontractor receives a sworn affidavit under the penalty of perjury attesting to the fact that the direct subcontractor's employees are lawfully present in the United States.

3.9 Participation by Other Organizations:

- 3.9.1 The contractor must comply with any Organization for the Blind/Sheltered Workshop, Service-Disabled Veteran Business Enterprise (SDVE), and/or Minority Business Enterprise/Women Business Enterprise (MBE/WBE) participation levels committed to in the contractor's awarded proposal.
- a. The contractor shall prepare and submit to the Division of Purchasing a report detailing all payments made by the contractor to Organizations for the Blind/Sheltered Workshops, SDVEs, and/or MBE/WBEs participating in the contract for the reporting period. The contractor must submit the report on a monthly basis, unless otherwise determined by the Division of Purchasing.
 - b. The Division of Purchasing will monitor the contractor's compliance in meeting the Organizations for the Blind/Sheltered Workshop and SDVE participation levels committed to in the contractor's awarded proposal. The Division of Purchasing in conjunction with the Office of Equal Opportunity (OEO) will monitor the contractor's compliance in meeting the MBE/WBE participation levels committed to in the contractor's awarded proposal. If the contractor's payments to the participating entities are less than the amount committed, the state may cancel the contract and/or suspend or debar the contractor from participating in future state procurements, or retain payments to the contractor in an amount equal to the value of the participation commitment less actual payments made by the contractor to the participating entity. If the Division of Purchasing determines that the contractor becomes compliant with the commitment, any funds retained as stated above, will be released.
 - c. If a participating entity fails to retain the required certification or is unable to satisfactorily perform, the contractor must obtain other certified MBE/WBEs or other organizations for the blind/sheltered workshops or other SDVEs to fulfill the participation requirements committed to in the contractor's awarded proposal.

- 1) The contractor must obtain the written approval of the Division of Purchasing for any new entities. This approval shall not be arbitrarily withheld.
 - 2) If the contractor cannot obtain a replacement entity, the contractor must submit documentation to the Division of Purchasing detailing all efforts made to secure a replacement. The Division of Purchasing shall have sole discretion in determining if the actions taken by the contractor constitute a good faith effort to secure the required participation and whether the contract will be amended to change the contractor's participation commitment.
- d. No later than 30 days after the effective date of the first renewal period, the contractor must submit an affidavit to the Division of Purchasing. The affidavit must be signed by the director or manager of the participating Organizations for the Blind/Sheltered Workshop verifying provision of products and/or services and compliance of all contractor payments made to the Organizations for the Blind/Sheltered Workshops. The contractor may use the affidavit available on the Division of Purchasing's website at <http://oa.mo.gov/sites/default/files/bswaffidavit.doc> or another affidavit providing the same information.

3.10 Substitution of Personnel:

- 3.10.1 The contractor agrees and understands that the State of Missouri's agreement to the contract is predicated in part on the utilization of the specific key individual(s) and/or personnel qualifications identified in the proposal. Therefore, the contractor agrees and understands that any substitution of the specific key individual(s) and/or personnel qualifications identified in the proposal must be with individual(s) of equal or better qualifications than originally proposed.

3.11 Authorized Personnel:

- 3.11.1 The contractor shall only employ personnel authorized to work in the United States in accordance with applicable federal and state laws. This includes but is not limited to the Illegal Immigration Reform and Immigrant Responsibility Act (IIRIRA) and INA Section 274A.
- 3.11.2 If the contractor is found to be in violation of this requirement or the applicable state, federal, and local laws and regulations, and if the State of Missouri has reasonable cause to believe that the contractor has knowingly employed individuals who are not eligible to work in the United States, the state shall have the right to cancel the contract immediately without penalty or recourse and suspend or debar the contractor from doing business with the state. The state may also withhold up to twenty-five percent of the total amount due to the contractor.
- 3.11.3 The contractor shall agree to fully cooperate with any audit or investigation from federal, state, or local law enforcement agencies.
- 3.11.4 If the contractor meets the definition of a business entity as defined in section 285.525, RSMo, pertaining to section 285.530, RSMo, the contractor shall maintain enrollment and participation in the E-Verify federal work authorization program with respect to the employees hired after enrollment in the program who are proposed to work in connection with the contracted services included herein. If the contractor's business status changes during the life of the contract to become a business entity as defined in section 285.525, RSMo, pertaining to section 285.530, RSMo, then the contractor shall, prior to the performance of any services as a business entity under the contract:
- a. Enroll and participate in the E-Verify federal work authorization program with respect to the employees hired after enrollment in the program who are proposed to work in connection with the services required herein; AND

3.11.5 In accordance with subsection 2 of section 285.530, RSMo, the contractor should renew their Affidavit of Work Authorization annually. A valid Affidavit of Work Authorization is necessary to award any new contracts.

Such investigation shall be equivalent to investigations required of all personnel employed by the state agency.

3.12.3 The contractor must obtain written approval from the state agency's Director of the Division of Adult Institutions for any contractor personnel and agents under active federal or state felony or misdemeanor supervision, and contractor personnel and agents with prior felony convictions but not under active supervision, prior to such personnel and agents performing contractual services.

END OF PART THREE: CONTRACTUAL REQUIREMENTS

4. PROPOSAL SUBMISSION INFORMATION AND REQUIREMENTS

This section of the RFP includes information and instructions to the vendor that are integral to vendors offering a proposal. The contents of this section are informational and instructional. Many of the instructional provisions require certain actions by the vendor in offering a proposal.

4.1 Introduction:

- 4.1.1 The vendor's proposal should include a complete plan for accomplishing the tasks described in this RFP and any supplemental tasks the vendor has identified as necessary to successfully complete the obligations outlined in this RFP. The vendor's plan should demonstrate an understanding of and the ability to meet and perform all contractual requirements listed in this request, including all contractual services.
- 4.1.2 This section describes the contents and format designed to ensure completeness in the vendor's proposal. The intent of the instructions contained herein is to standardize the proposals to enable equitable measurements for competitive review for awarding to the lowest and best responsive vendor with a proposal that is the most advantageous to the state.

4.2 Submission of Solicitation Response:

- 4.2.1 MissouriBUYS is the State of Missouri's web-based statewide eProcurement system which is powered by WebProcure, through our partner, Proactis (<https://www.missouribuys.mo.gov>). For all solicitations, vendors have the option of submitting their solicitation response either as an electronic response or as a hard copy response. Both methods of submission are explained briefly below and in more detail in the step-by-step instructions provided at https://missouribuys.mo.gov/sites/missouribuys/files/FINALHowToRespondToASolicitation_v2.7.09.16_revised_12.01.18.pdf (This document is also on the Bid Board referenced above.) Be sure to include the solicitation/opportunity (OPP) number, company name, and a contact name on any attachments.
 - a. In order to become a registered vendor, the vendor can register by going to the MissouriBUYS Home Page referenced above, clicking the "Register" button at the top of the page, and completing the Vendor Registration.
 - b. The vendor is solely responsible for ensuring timely submission of their solicitation response, whether submitting an online response or a hard copy response. Failure to allow adequate time prior to the solicitation end date to complete and submit a response to a solicitation, particularly in the event technical support assistance is required, places the vendor and their response at risk of not being accepted on time.
 - c. If a registered vendor submits an electronic and hard copy solicitation response and if such responses are not identical, the vendor should explain which response is valid. In the absence of an explanation, the State of Missouri shall consider the response which serves its best interest.
- 4.2.2 Electronic Response in MissouriBUYS - Vendors are encouraged to submit their entire response electronically; if a registered vendor is responding electronically through the MissouriBUYS System website. In addition to completing the on-line pricing, the registered vendor should submit completed exhibits, forms, and other information concerning the solicitation as an attachment to the electronic response. The registered vendor is instructed to review the solicitation submission provisions carefully to ensure they are providing all required pricing, including applicable renewal pricing.
 - a. The exhibits, forms, and Pricing Page(s) provided herein can be saved, completed by a registered vendor, and then sent as an attachment to the electronic submission. Other information requested or required may be sent as an attachment. Additional instructions for submitting electronic attachments are on the MissouriBUYS System website.
 - 1) To ensure software compatibility with the MissouriBUYS system, the vendor should complete attachments using Microsoft Word or Microsoft Excel, or if using a different application for

completing attachments, the vendor should save the completed attachment as a searchable PDF document in order to preserve the formatting. A vendor's failure to follow these instructions and instead use a different application or method for completion and submission of attachments could render some of the vendor's response in their attachments to be unreadable which could negatively impact the evaluation of the vendor's response.

- 4.2.3 **Hard Copy Solicitation Response** - If the vendor is submitting a solicitation response via the mail or a courier service or is hand delivering the solicitation response, the vendor should include completed exhibits, forms, and other information concerning the solicitation (including completed Pricing Page(s)) with the solicitation. The vendor is instructed to review the solicitation submission provisions carefully to ensure they are providing all required pricing, including applicable renewal pricing.
- a. The vendor should include the solicitation/opportunity (OPP) number, company name, and a contact name on any hard copy solicitation response documents.
 - b. The solicitation response should be page numbered.
 - c. In addition, the vendor should include one (1) complete electronic copy of their solicitation response in Microsoft compatible format on password protected flash drive. The electronic copy of the solicitation response and electronic attachments should be in a searchable format to facilitate the evaluation process. The vendor should provide the password for accessibility to the document(s). The vendor should ensure all media are identical to the vendor's hard copy original response.
 - d. **Recycled Products** - The State of Missouri recognizes the limited nature of our resources and the leadership role of government agencies in regard to the environment. Accordingly, the vendor is requested to print the solicitation double-sided using recycled paper, if possible, and minimize or eliminate the use of non-recyclable materials such as plastic report covers, plastic dividers, vinyl sleeves, and binding. Solicitations may be submitted in a notebook or binder.
- 4.2.4 **Compliance with Requirements, Terms and Conditions:** Vendors are cautioned that the State of Missouri shall not award a non-compliant proposal. Consequently, any vendor indicating non-compliance or providing a response in conflict with mandatory requirements, terms, conditions or provisions of the RFP shall be eliminated from further consideration for award unless the state exercises its sole option to competitively negotiate the respective proposal(s) and the vendor resolves the noncompliant issue(s).
- a. The vendor is cautioned when submitting pre-printed terms and conditions or other type material to make sure such documents do not contain terms and conditions which conflict with those of the RFP and its contractual requirements.
 - b. In order to ensure compliance with the RFP, the vendor should indicate agreement that, in the event of conflict between any of the vendor's response and the RFP requirements, terms and conditions, the RFP shall govern. Taking exception to the state's terms and conditions may render an vendor's proposal unacceptable and remove it from consideration for award.
- 4.3 Confidential Materials:**
- 4.3.1 Pursuant to section 610.021, RSMo, the vendor's proposal and related documents shall not be available for public review until a contract has been awarded or all proposals are rejected.
- a. The Division of Purchasing is a governmental body under Missouri Sunshine Law (chapter 610, RSMo). Section 610.011, RSMo, requires that all provisions be "*liberally construed and their exceptions strictly construed*" to promote the public policy that records are open unless otherwise provided by law.
 - b. Regardless of any claim by a vendor as to material being confidential and not subject to copying or distribution, or how a vendor characterizes any information provided in its proposal, all material submitted by the vendor in conjunction with the RFP is subject to release after the award of a contract in

relation to a request for public records under the Missouri Sunshine Law (see chapter 610, RSMo). Only information expressly permitted to be closed pursuant to the strictly construed provisions of Missouri's Sunshine Law will be treated as a closed record by the Division of Purchasing and withheld from any public request submitted to Division of Purchasing after award. The vendor should presume information provided to Division of Purchasing in a proposal will be public following the award of the contract or after rejection of all proposals and made available upon request in accordance with the provisions of state law. The vendor's sole remedy for the state's denial of any confidentiality request shall be limited to withdrawal of their proposal in its entirety. It is not the State of Missouri's intention to have requested any confidential material as part of the vendor's proposal. Therefore, vendors should NOT include confidential material with their proposal.

- c. In no event will the following be considered confidential or exempt from the Missouri Sunshine Law:
- 1) Vendor's entire proposal including client lists, references, proposed personnel, and methodology including schedule of events and/or deliverables;
 - 2) Vendor's pricing; and
 - 3) Vendor's product specifications unless specifications specifically disclose scientific and technological innovations in which the owner has a proprietary interest (see subsection 15 of section 610.021, RSMo).
- d. On-line Proposal - If a registered vendor is responding electronically through the MissouriBUYS System website and attaches information with their proposal that is allowed by the Missouri Sunshine Law to be exempt from public disclosure, such specific material of their proposal must be attached as a separate document and must have the box "Confidential" selected when attaching the document. If the "Confidential" box is not selected when attaching the document, the document must be clearly marked as confidential along with an explanation of what qualifies the specific material to be held as confidential pursuant to the provisions of section 610.021, RSMo. The vendor's failure to follow these instructions shall relieve the state of any obligation to preserve the confidentiality of the documents.
- e. Hard Copy Proposal - If the vendor is submitting a proposal via the mail or a courier service or is hand delivering the proposal and submits information with their proposal that is allowed by the Missouri Sunshine Law to be exempt from public disclosure, such specific material of their proposal must be separated, sealed, and clearly marked as confidential along with an explanation of what qualifies the specific material to be held as confidential pursuant to the provisions of section 610.021, RSMo. The vendor's failure to follow this instruction shall relieve the state of any obligation to preserve the confidentiality of the documents.
- f. Imaging Ready - Except for any portion of a proposal qualifying as confidential as determined by the Division of Purchasing as specified above, after a contract is executed or all proposals are rejected, all proposals are scanned into the Division of Purchasing imaging system.
- 1) The scanned information will be available for viewing through the Internet from the Division of Purchasing Awarded Bid and Contract Document Search system. Therefore, the vendor is advised not to include any information in the proposal that the vendor does not want to be viewed by the public, including personal identifying information such as social security numbers.
 - 2) Also, in preparing a proposal, the vendor should be mindful of document preparation efforts for imaging purposes and storage capacity that will be required to image the proposal and should limit proposal content to items that provide substance, quality of content, and clarity of information.

4.4 Proposal Format:

- 4.4.1 To facilitate the evaluation process, the vendor is encouraged to organize their proposal into the following sections that correspond with the individual evaluation categories described herein. The vendor is cautioned

that it is the vendor's sole responsibility to submit information related to the evaluation categories and that the State of Missouri is under no obligation to solicit such information if it is not included with the proposal. The vendor's failure to submit such information may cause an adverse impact on the evaluation of the proposal. The proposal should be page.

- a. Signed page one from the original RFP and all signed addendums should be placed at the beginning of the proposal.
- b. Cost Proposal (Exhibit A: Pricing Page)
- c. Technical Proposal: The Technical Proposal will include two components: Proposed Methodology, Approach, and Work Plan (Exhibit B) and Past Performance (Exhibit C). **The Proposed Methodology and Approach of the Technical Proposal should be limited to no more than five (5) pages, including any exhibits related to the Technical Proposal. Standard fonts, 11 point or above, should be used.** In the event the vendor is proposing more than one group, the vendor may include up to the additional five (5) pages per group.
 - 1) The Technical Proposal should contain only relevant information that is specific to the topic.
 - 2) The vendor should not include hyperlinks or video clips. In the event the vendor provides hyperlinks or video clips, the information shall not be considered.
- d. Miscellaneous Exhibits/Information:

4.5 Competitive Negotiation of Proposals:

- 4.5.1 The vendor is advised that under the provisions of this Request for Proposal, the Division of Purchasing reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:
- 4.5.2 Negotiations may be conducted in person, in writing, or by telephone.
- 4.5.3 Negotiations will only be conducted with potentially acceptable proposals. The Division of Purchasing reserves the right to limit negotiations to those proposals which received the highest rankings during the initial evaluation phase. All vendors involved in the negotiation process will be invited to submit a best and final offer.
- 4.5.4 Terms, conditions, prices, methodology, or other features of the vendor's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the vendor may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.5.5 The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the Division of Purchasing determines that a change in such requirements is in the best interest of the State of Missouri.

4.6 Proposal Samples

4.6.1 All samples submitted by the vendor must be the actual item proposed by the vendor on the Pricing Page.

a. Samples –

- 1) Group 1 - If proposing Group 1, the vendor should submit a white mesh laundry bag, a colored mesh laundry bag, an additional drawstring, and a cord lock.
- 2) Group 2 - If proposing Group 2, the vendor should submit a white mesh laundry bag and a 3-hole dual grip rubber wrap closure

The Division of Purchasing must receive the samples within five (5) working days after notification by the buyer. A vendor failing to submit samples after notification, may result in disqualification of the proposal and not considered for an award.
- c. The vendor shall agree and understand that samples shall be submitted at the vendor's expense.
- d. At the request and expense of the vendor, the Division of Purchasing will return samples not destroyed during the evaluation process. Any samples remaining after ten (10) days following award of the contract or cancellation of the RFP may be destroyed. However, the Division of Purchasing reserves the right to retain samples submitted in order to conduct a comparison of the service/product proposed and the service/product actually received.
- e. The vendor should clearly tag the samples with the vendor's company name, the RFP number, the group/item number, and the brand/product number.

4.6 Evaluation and Award Process:

4.6.1 The evaluation and award process for this Request for Proposal will contain two (2) phases of evaluation. Phase 1 will be an evaluation of samples, and Phase 2 will include the evaluation of cost, the technical proposal, and MBE/WBE participation.

4.6.2 Evaluation Phase 1 - Sample Testing:

- a. After determining that a proposal satisfies the mandatory requirements stated in the Request for Proposal there will be an objective analysis of the samples submitted with the vendor's proposal in accordance with the following:
 - 1) Sample laundry will be tested for durability, quality and construction before and after washing and drying and will be evaluated accordingly. Samples that do not meet the mandatory specifications may be deemed non-responsive.
 - 2) The sample tests will be conducted by the Missouri Department of Correction's laundry facilities. All sample bags will be filled with the exact weight of clothing and laundered together in the same machines and environment.

- 3) The total number of washes and dries over a 7-day period will represent the total number of laundering in a 3-month period of time, which is the anticipated number of launderings expected before reissuing of a new laundry bag to an offender.
- 4) If the vendor's sample(s) are deemed unacceptable for the testing, there will not be further testing on the vendor's proposed sample and the vendor will be deemed non-responsive to the requirements of the RFP.
- 5) Failure to submit samples, as well as the failure of any sample to meet any required specification as described herein will disqualify the proposal from consideration for award.

4.6.3 Evaluation Phase 2 – Cost Technical Proposal, and MBE/WBE Participation:

- a. After determining that a proposal satisfies the mandatory requirements stated in the Request for Proposal and satisfies Evaluation Phase 1 – Sample Testing, the evaluator(s) shall use both objective analysis and subjective judgment in conducting an assessment of the proposal in accordance with the evaluation criteria stated below and the scoring details delineated in Attachment 8. - 4.7.3 The vendor shall agree and understand that the quantities used in the evaluation of cost are provided solely to document how cost will be evaluated. The State of Missouri makes no guarantee regarding the accuracy of the quantities stated nor does the State of Missouri intend to imply that the figures used for the cost evaluation in any way reflect either actual or anticipated usage.

- b. To the extent that a provision of the contract is contrary to the Constitution or laws of the State of Missouri or of the United States, the provisions shall be void and unenforceable. However, the balance of the contract shall remain in force between the parties unless terminated by consent of both the contractor and Purchasing.

3. OPEN COMPETITION/REQUEST FOR PROPOSAL DOCUMENT

- a. It shall be the vendor's responsibility to ask questions, request changes or clarification, or otherwise advise Purchasing if any language, specifications or requirements of an RFP appear to be ambiguous, contradictory, and/or arbitrary, or appear to inadvertently restrict or limit the requirements stated in the RFP to a single source. Any and all communication from vendors regarding specifications, requirements, competitive proposal process, etc., must be directed to the buyer from Purchasing, unless the RFP specifically refers the vendor to another contact. Such e-mail, fax, or phone communication should be received at least ten calendar days prior to the official proposal end date.
- b. Every attempt shall be made to ensure that the vendor receives an adequate and prompt response. However, in order to maintain a fair and equitable procurement process, all vendors will be advised, via the issuance of an addendum to the RFP, of any relevant or pertinent information related to the procurement. Therefore, vendors are advised that unless specified elsewhere in the RFP, any questions received less than ten calendar days prior to the RFP end date may not be answered.
- c. Vendors are cautioned that the only official position of the State of Missouri is that which is issued by Purchasing in the RFP or an addendum thereto. No other means of communication, whether oral or written, shall be construed as a formal or official response or statement.
- d. Purchasing monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among vendors, price-fixing by vendors, or any other anticompetitive conduct by vendors which appears to violate state and federal antitrust laws. Any suspected violation shall be referred to the Missouri Attorney General's Office for appropriate action.
- e. The RFP is available for viewing and downloading on the MissouriBUYS Statewide eProcurement System. Registered vendors are electronically notified of those proposal opportunities that match the commodity codes for which the vendor registered in MissouriBUYS. If a registered vendor's e-mail address is incorrect, the vendor must update the e-mail address themselves on the state's MissouriBUYS Statewide eProcurement System at <https://missouribuy.com.gov/>.
- f. Purchasing reserves the right to officially amend or cancel an RFP after issuance. It shall be the sole responsibility of the vendor to monitor the MissouriBUYS Statewide eProcurement System to obtain a copy of the addendum(s). Registered vendors who received e-mail notification of the proposal opportunity when the RFP was established and registered vendors who have responded to the RFP on-line prior to an addendum being issued should receive e-mail notification of the addendum(s). Registered vendors who received e-mail notification of the proposal opportunity when the RFP

was established and registered vendors who have responded to the proposal on-line prior to a cancellation being issued should receive e-mail notification of a cancellation issued prior to the exact end date and time specified in the RFP.

4. PREPARATION OF PROPOSALS

- a. Vendors must examine the entire RFP carefully. Failure to do so shall be at the vendor's risk.
- b. Unless otherwise specifically stated in the RFP, all specifications and requirements constitute minimum requirements. All proposals must meet or exceed the stated specifications and requirements.
- c. Unless otherwise specifically stated in the RFP, any manufacturer names, trade names, brand names, information and/or catalog numbers listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition. The vendor may offer any brand which meets or exceeds the specification for any item, but must state the manufacturer's name and model number for any such brands in the proposal. In addition, the vendor shall explain, in detail, (1) the reasons why the proposed equivalent meets or exceeds the specifications and/or requirements and (2) why the proposed equivalent should not be considered an exception thereto. Proposals which do not comply with the requirements and specifications are subject to rejection without clarification.
- d. Proposals lacking any indication of intent to offer an alternate brand or to take an exception shall be received and considered in complete compliance with the specifications and requirements as listed in the RFP.
- e. In the event that the vendor is an agency of state government or other such political subdivision which is prohibited by law or court decision from complying with certain provisions of an RFP, such a vendor may submit a proposal which contains a list of statutory limitations and identification of those prohibitive clauses. The vendor should include a complete list of statutory references and citations for each provision of the RFP, which is affected by this paragraph. The statutory limitations and prohibitive clauses may (1) be requested to be clarified in writing by Purchasing or (2) be accepted without further clarification if the statutory limitations and prohibitive clauses are deemed acceptable by Purchasing. If Purchasing determines clarification of the statutory limitations and prohibitive clauses is necessary, the clarification will be conducted in order to agree to language that reflects the intent and compliance of such law and/or court order and the RFP.
- f. All equipment and supplies offered in a proposal must be new, of current production, and available for marketing by the manufacturer unless the RFP clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered.
- g. Prices shall include all packing, handling and shipping charges FOB destination, freight prepaid and allowed unless otherwise specified in the RFP.
- h. Proposals, including all prices therein, shall remain valid for 90 days from proposal opening or Best and Final Offer (BAFO) submission unless otherwise indicated. If the proposal is accepted, the entire proposal, including all prices, shall be firm for the specified contract period.
- i. Any foreign vendor not having an Employer Identification Number assigned by the United States Internal Revenue Service (IRS) must submit a completed IRS Form W-8 prior to or with the submission of their proposal in order to be considered for award.

5. SUBMISSION OF PROPOSALS

- a. Registered vendors may submit proposals electronically through the MissouriBUYS Statewide eProcurement System at <https://missouribuys.mo.gov/> or by delivery of a hard copy to the Purchasing office. Vendors that have not registered on the MissouriBUYS Statewide eProcurement System may submit proposals hard copy delivered to the Purchasing office. Delivered proposals must be sealed in an envelope or container, and received in the Purchasing office located at 301 West High St, Rm 630 in Jefferson City, MO no later than the exact end date and time specified in the RFP. All proposals must (1) be submitted by a duly authorized representative of the vendor's organization, (2) contain all information required by the RFP, and (3) be priced as required. Hard copy proposals may be mailed to the Purchasing post office box address. However, it shall be the responsibility of the vendor to ensure their proposal is in the Purchasing office (address listed above) no later than the exact end date and time specified in the RFP.
- b. The sealed envelope or container containing a proposal should be clearly marked on the outside with (1) the official RFP number and (2) the official end date and time. Different proposals should not be placed in the same envelope, although copies of the same proposal may be placed in the same envelope.
- c. A proposal submitted electronically by a registered vendor may be modified on-line prior to the official end date and time. A proposal which has been delivered to the Purchasing office may be modified by signed, written notice which has been received by Purchasing prior to the official end date and time specified. A proposal may also be modified in person by the vendor or its authorized representative, provided proper identification is presented before the official end date and time. Telephone or telegraphic requests to modify a proposal shall not be honored.
- d. A proposal submitted electronically by a registered vendor may be retracted on-line prior to the official end date and time. A proposal which has been delivered to the Purchasing may only be withdrawn by a signed, written document on company letterhead transmitted via mail, e-mail, or facsimile which has been received by Purchasing prior to the official end and time specified. A proposal may also be withdrawn in person by the vendor or its authorized representative, provided proper identification is presented before the official end date and time. Telephone or telegraphic requests to withdraw a proposal shall not be honored.
- e. A proposal may also be withdrawn after the proposal opening through submission of a written request by an authorized representative of the vendor. Justification of withdrawal decision may include a significant error or exposure of proposal information that may cause irreparable harm to the vendor.
- f. When submitting a proposal electronically, the registered vendor indicates acceptance of all RFP requirements, terms and conditions by clicking on the "Accept" button on the Overview tab. Vendors delivering a hard copy proposal to Purchasing must sign and return the RFP cover page or, if applicable, the cover page of the last addendum thereto in order to constitute acceptance by the vendor of all RFP requirements, terms and conditions. Failure to do so may result in rejection of the proposal unless the vendor's full compliance with those documents is indicated elsewhere within the vendor's response.
- g. Faxed proposals shall not be accepted. However, faxed and e-mail no-bid notifications shall be accepted.

6. PROPOSAL OPENING

- a. Proposal openings are public on the end date and at the opening time specified on the RFP document. Only the names of the respondents shall be read at the proposal opening. All vendors may view the same proposal response information on the MissouriBUYS Statewide eProcurement System. The contents of the responses shall not be disclosed at this time.
- b. Proposals which are not received in the Purchasing office prior to the official end date and time shall be considered late, regardless of the degree of lateness, and normally will not be opened. Late proposals may only be opened under extraordinary circumstances in accordance with 1 CSR 40-1.050.

7. PREFERENCES

- a. In the evaluation of proposals, preferences shall be applied in accordance with chapter 34, RSMo, other applicable Missouri statutes, and applicable Executive Orders. Contractors should apply the same preferences in selecting subcontractors.
- b. By virtue of statutory authority, a preference will be given to materials, products, supplies, provisions and all other articles produced, manufactured, mined, processed or grown within the State of Missouri and to all firms, corporations or individuals doing business as Missouri firms, corporations or individuals. Such preference shall be given when quality is equal or better and delivered price is the same or less.

- c. In accordance with Executive Order 05-30, contractors are encouraged to utilize certified minority and women-owned businesses in selecting subcontractors.

8. EVALUATION/AWARD

- a. Any clerical error, apparent on its face, may be corrected by the buyer before contract award. Upon discovering an apparent clerical error, the buyer shall contact the vendor and request clarification of the intended proposal. The correction shall be incorporated in the notice of award. Examples of apparent clerical errors are: 1) misplacement of a decimal point; and 2) obvious mistake in designation of unit.
- b. Any pricing information submitted by a vendor shall be subject to evaluation if deemed by Purchasing to be in the best interest of the State of Missouri.
- c. The vendor is encouraged to propose price discounts for prompt payment or propose other price discounts that would benefit the State of Missouri. However, unless otherwise specified in the RFP, pricing shall be evaluated at the maximum potential financial liability to the State of Missouri.
- d. Awards shall be made to the vendor whose proposal (1) complies with all mandatory specifications and requirements of the RFP and (2) is the lowest and best proposal, considering price, responsibility of the vendor, and all other evaluation criteria specified in the RFP and any subsequent negotiations and (3) complies with chapter 34, RSMo, other applicable Missouri statutes, and all applicable Executive Orders.
- e. In the event all vendors fail to meet the same mandatory requirement in an RFP, Purchasing reserves the right, at its sole discretion, to waive that requirement for all vendors and to proceed with the evaluation. In addition, Purchasing reserves the right to waive any minor irregularity or technicality found in any individual proposal.
- f. Purchasing reserves the right to reject any and all proposals.
- g. When evaluating a proposal, the State of Missouri reserves the right to consider relevant information and fact, whether gained from a proposal, from a vendor, from vendor's references, or from any other source.
- h. Any information submitted with the proposal, regardless of the format or placement of such information, may be considered in making decisions related to the responsiveness and merit of a proposal and the award of a contract.
- i. Negotiations may be conducted with those vendors who submit potentially acceptable proposals. Proposal revisions may be permitted for the purpose of obtaining best and final offers. In conducting negotiations, there shall be no disclosure of any information submitted by competing vendors.
- j. Any award of a contract shall be made by notification from Purchasing to the successful vendor. Purchasing reserves the right to make awards by item, group of items, or an all or none basis. The grouping of items awarded shall be determined by Purchasing based upon factors such as item similarity, location, administrative efficiency, or other considerations in the best interest of the State of Missouri.
- k. Pursuant to section 610.021, RSMo, proposals and related documents shall not be available for public review until after a contract is executed or all proposals are rejected.
- l. Purchasing posts all proposal results on the MissouriBUYS Statewide eProcurement System for all vendors to view for a reasonable period after proposal award and maintains images of all proposal file material for review. Vendors who include an e-mail address with their proposal will be notified of the award results via e-mail.
- m. Purchasing reserves the right to request clarification of any portion of the vendor's response in order to verify the intent of the vendor. The vendor is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.
- n. Any proposal award protest must be received within ten (10) business days after the date of award in accordance with the requirements of 1 CSR 40-1.050.
- o. The final determination of contract(s) award shall be made by Purchasing.

- a. By submitting a proposal, the vendor agrees to furnish any and all equipment, supplies and/or services specified in the RFP, at the prices quoted, pursuant to all requirements and specifications contained therein.
- b. A binding contract shall consist of: (1) the RFP, addendums thereto, and any Best and Final Offer (BAFO) request(s) with RFP changes/additions, (2) the contractor's proposal including any contractor BAFO response(s), (3) clarification of the proposal, if any, and (4) Purchasing's acceptance of the proposal by "notice of award" or by "purchase order." All Exhibits and Attachments included in the RFP shall be incorporated into the contract by reference.
- c. A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the State of Missouri, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the state agency.
- d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and Purchasing or by a modified purchase order prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

10. INVOICING AND PAYMENT

- a. The State of Missouri does not pay state or federal taxes unless otherwise required under law or regulation.
- b. The statewide financial management system has been designed to capture certain receipt and payment information. For each purchase order received, an invoice must be submitted that references the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.
- c. The contractor shall not transfer any interest in the contract, whether by assignment or otherwise, without the prior written consent of Purchasing.
- d. Payment for all equipment, supplies, and/or services required herein shall be made in arrears unless otherwise indicated in the RFP.
- e. The State of Missouri assumes no obligation for equipment, supplies, and/or services shipped or provided in excess of the quantity ordered. Any unauthorized quantity is subject to the state's rejection and shall be returned at the contractor's expense.
- f. All invoices for equipment, supplies, and/or services purchased by the State of Missouri shall be subject to late payment charges as provided in section 34.055, RSMo.
- g. The State of Missouri reserves the right to purchase goods and services using the state purchasing card.

11. DELIVERY

Time is of the essence. Deliveries of equipment, supplies, and/or services must be made no later than the time stated in the contract or within a reasonable period of time, if a specific time is not stated.

12. INSPECTION AND ACCEPTANCE

- a. No equipment, supplies, and/or services received by an agency of the state pursuant to a contract shall be deemed accepted until the agency has had reasonable opportunity to inspect said equipment, supplies, and/or services.
- b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.
- c. The State of Missouri reserves the right to return any such rejected shipment at the contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.
- d. The State of Missouri's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the state may have.

13. WARRANTY

- a. The contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by Purchasing, (2) be fit and sufficient for the purpose expressed in the RFP, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.
- b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the state's acceptance of or payment for said equipment, supplies, and/or services.

14. CONFLICT OF INTEREST

- a. Elected or appointed officials or employees of the State of Missouri or any political subdivision thereof, serving in an executive or administrative capacity, must comply with sections 105.452 and 105.454, RSMo, regarding conflict of interest.
- b. The contractor hereby covenants that at the time of the submission of the proposal the contractor has no other contractual relationships which would create any actual or perceived conflict of interest. The contractor further agrees that during the term of the contract neither the contractor nor any of its employees shall acquire any other contractual relationships which create such a conflict.

15. REMEDIES AND RIGHTS

- a. No provision in the contract shall be construed, expressly or implied, as a waiver by the State of Missouri of any existing or future right and/or remedy available by law in the event of any claim by the State of Missouri of the contractor's default or breach of contract.
- b. The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the State of Missouri of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the contractor in the fulfillment of the contract with the State of Missouri.

16. CANCELLATION OF CONTRACT

- a. In the event of material breach of the contractual obligations by the contractor, Purchasing may cancel the contract. At its sole discretion, Purchasing may give the contractor an opportunity to cure the breach or to explain how the breach will be cured. The actual cure must be completed within no more than 10 working days from notification, or at a minimum the contractor must provide Purchasing within 10 working days from notification a written plan detailing how the contractor intends to cure the breach.
- b. If the contractor fails to cure the breach or if circumstances demand immediate action, Purchasing will issue a notice of cancellation terminating the contract immediately. If it is determined Purchasing improperly cancelled the contract, such cancellation shall be deemed a termination for convenience in accordance with the contract.
- c. If Purchasing cancels the contract for breach, Purchasing reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as Purchasing deems appropriate and charge the contractor for any additional costs incurred thereby.
- d. The contractor understands and agrees that funds required to fund the contract must be appropriated by the General Assembly of the State of Missouri for each fiscal year included within the contract period. The contract shall not be binding upon the state for any period in which funds have not been appropriated, and the state shall not be liable for any costs associated with termination caused by lack of appropriations.

17. COMMUNICATIONS AND NOTICES

Any notice to the vendor/contractor shall be deemed sufficient when deposited in the United States mail postage prepaid, transmitted by facsimile, transmitted by e-mail or hand-carried and presented to an authorized employee of the vendor/contractor.

18. BANKRUPTCY OR INSOLVENCY

- a. Upon filing for any bankruptcy or insolvency proceeding by or against the contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the contractor must notify Purchasing immediately.
- b. Upon learning of any such actions, Purchasing reserves the right, at its sole discretion, to either cancel the contract or affirm the contract and hold the contractor responsible for damages.

19. INVENTIONS, PATENTS AND COPYRIGHTS

The contractor shall defend, protect, and hold harmless the State of Missouri, its officers, agents, and employees against all suits of law or in equity resulting from patent and copyright infringement concerning the contractor's performance or products produced under the terms of the contract.

20. NON-DISCRIMINATION AND AFFIRMATIVE ACTION

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall agree not to discriminate against recipients of services or employees or applicants for employment on the basis of race, color, religion, national origin, sex, age,

disability, or veteran status unless otherwise provided by law. If the contractor or subcontractor employs at least 50 persons, they shall have and maintain an affirmative action program which shall include:

- a. A written policy statement committing the organization to affirmative action and assigning management responsibilities and procedures for evaluation and dissemination;
- b. The identification of a person designated to handle affirmative action;
- c. The establishment of non-discriminatory selection standards, objective measures to analyze recruitment, an upward mobility system, a wage and salary structure, and standards applicable to layoff, recall, discharge, demotion, and discipline;
- d. The exclusion of discrimination from all collective bargaining agreements; and
- e. Performance of an internal audit of the reporting system to monitor execution and to provide for future planning.

If discrimination by a contractor is found to exist, Purchasing shall take appropriate enforcement action which may include, but not necessarily be limited to, cancellation of the contract, suspension, or debarment by Purchasing until corrective action by the contractor is made and ensured, and referral to the Attorney General's Office, whichever enforcement action may be deemed most appropriate.

21. AMERICANS WITH DISABILITIES ACT

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall comply with all applicable requirements and provisions of the Americans with Disabilities Act (ADA).

22. FILING AND PAYMENT OF TAXES

The commissioner of administration and other agencies to which the state purchasing law applies shall not contract for goods or services with a vendor if the vendor or an affiliate of the vendor makes sales at retail of tangible personal property or for the purpose of storage, use, or consumption in this state but fails to collect and properly pay the tax as provided in chapter 144, RSMo. For the purposes of this section, "affiliate of the vendor" shall mean any person or entity that is controlled by or is under common control with the vendor, whether through stock ownership or otherwise. Therefore the vendor's failure to maintain compliance with chapter 144, RSMo, may eliminate their proposal from consideration for award.

1. INTRODUCTION AND GENERAL INFORMATION

This section of the solicitation includes a brief introduction and background information about the intended acquisition for which the requirements herein are written.

1.1 Introduction:

1.1.1 This document constitutes a request for competitive, sealed proposals for the provision of mesh laundry bags to be utilized to launder offender clothing in the Department of Corrections state correctional facilities, refer to Attachment #1, as set forth herein.

1.2 RFP Questions:

1.2.1 Questions and issues relating to the RFP must be directed to the buyer. It is preferred that questions be e-mailed to the buyer at Julie.Kleffner@oa.mo.gov.

1.2.2 It is the vendor's responsibility to ask questions, request changes or clarifications, or otherwise advise the Division of Purchasing if the vendor believes that any language, specifications, or requirements are: (1) ambiguous, (2) contradictory or arbitrary, (3) violate any state or federal law or regulation, (4) restrict or limit the requirements to a single source, or (5) restrict or limit the vendor's ability to submit a proposal.

- a. Vendors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc., to the buyer of record indicated on the first page of this RFP. Vendors and their agents may not contact any other state employee regarding any of these matters during the solicitation and evaluation process. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Vendors and their agents who have questions regarding this matter should contact the buyer of record.

- 1) The vendor may contact the Office of Equal Opportunity (OEO) regarding Minority Business Enterprise/Women Business Enterprise (MBE/WBE) certification or subcontracting.

1.2.3 All questions and issues should be submitted no later than ten calendar days prior to the due date of the proposals. If not received prior to ten days before the proposal due date, the Division of Purchasing may not be able to fully research and consider the respective questions or issues.

1.2.4 Upon the Division of Purchasing's consideration of questions and issues, if the Division of Purchasing determines that changes are necessary, the resulting changes will be included in a subsequently issued RFP addendum(s); absence of such response indicates that the questions and issues were considered but deemed unnecessary for a RFP addendum. All vendors will be advised of any change to the RFP's language, specifications, or requirements by a formal addendum to the RFP. There will be no posted written records of the questions/communications (i.e., formal question/answer document).

NOTE: The only official position of the State of Missouri shall be that which is contained in the RFP and any addendums thereto.

END OF PART THREE: CONTRACTUAL REQUIREMENTS

4. PROPOSAL SUBMISSION INFORMATION AND REQUIREMENTS

This section of the RFP includes information and instructions to the vendor that are integral to vendors offering a proposal. The contents of this section are informational and instructional. Many of the instructional provisions require certain actions by the vendor in offering a proposal.

4.1 Introduction:

4.1.1 The vendor's proposal should include a complete plan for accomplishing the tasks described in this RFP and any supplemental tasks the vendor has identified as necessary to successfully complete the obligations outlined in this RFP. The vendor's plan should demonstrate an understanding of and the ability to meet and perform all contractual requirements listed in this request, including all contractual services.

4.1.2 This section describes the contents and format designed to ensure completeness in the vendor's proposal. The intent of the instructions contained herein is to standardize the proposals to enable equitable measurements for competitive review for awarding to the lowest and best responsive vendor with a proposal that is the most advantageous to the state.

4.2 Submission of Solicitation Response:

4.2.1 MissouriBUYS is the State of Missouri's web-based statewide eProcurement system which is powered by WebProcure, through our partner, Proactis (<https://www.missouribuys.mo.gov>). For all solicitations, vendors have the option of submitting their solicitation response either as an electronic response or as a hard copy response. Both methods of submission are explained briefly below and in more detail in the step-by-step instructions provided at https://missouribuys.mo.gov/sites/missouribuys/files/FINALHowToRespondToASolicitation_v2.7.09.16_revised_12.01.18.pdf (This document is also on the Bid Board referenced above.) Be sure to include the solicitation/opportunity (OPP) number, company name, and a contact name on any attachments.

- a. In order to become a registered vendor, the vendor can register by going to the MissouriBUYS Home Page referenced above, clicking the "Register" button at the top of the page, and completing the Vendor Registration.
- b. The vendor is solely responsible for ensuring timely submission of their solicitation response, whether submitting an online response or a hard copy response. Failure to allow adequate time prior to the solicitation end date to complete and submit a response to a solicitation, particularly in the event technical support assistance is required, places the vendor and their response at risk of not being accepted on time.
- c. If a registered vendor submits an electronic and hard copy solicitation response and if such responses are not identical, the vendor should explain which response is valid. In the absence of an explanation, the State of Missouri shall consider the response which serves its best interest.

4.2.2 Electronic Response in MissouriBUYS - Vendors are encouraged to submit their entire response electronically; if a registered vendor is responding electronically through the MissouriBUYS System website. In addition to completing the on-line pricing, the registered vendor should submit completed exhibits, forms, and other information concerning the solicitation as an attachment to the electronic response. The registered vendor is instructed to review the solicitation submission provisions carefully to ensure they are providing all required pricing, including applicable renewal pricing.

- a. The exhibits, forms, and Pricing Page(s) provided herein can be saved, completed by a registered vendor, and then sent as an attachment to the electronic submission. Other information requested or required may be sent as an attachment. Additional instructions for submitting electronic attachments are on the MissouriBUYS System website.

- 1) To ensure software compatibility with the MissouriBUYS system, the vendor should complete attachments using Microsoft Word or Microsoft Excel, or if using a different application for

completing attachments, the vendor should save the completed attachment as a searchable PDF document in order to preserve the formatting. A vendor's failure to follow these instructions and instead use a different application or method for completion and submission of attachments could render some of the vendor's response in their attachments to be unreadable which could negatively impact the evaluation of the vendor's response.

- 4.2.3 **Hard Copy Solicitation Response** - If the vendor is submitting a solicitation response via the mail or a courier service or is hand delivering the solicitation response, the vendor should include completed exhibits, forms, and other information concerning the solicitation (including completed Pricing Page(s)) with the solicitation. The vendor is instructed to review the solicitation submission provisions carefully to ensure they are providing all required pricing, including applicable renewal pricing.
- a. The vendor should include the solicitation/opportunity (OPP) number, company name, and a contact name on any hard copy solicitation response documents.
 - b. The solicitation response should be page numbered.
 - c. In addition, the vendor should include one (1) complete electronic copy of their solicitation response in Microsoft compatible format on password protected flash drive. The electronic copy of the solicitation response and electronic attachments should be in a searchable format to facilitate the evaluation process. The vendor should provide the password for accessibility to the document(s). The vendor should ensure all media are identical to the vendor's hard copy original response.
 - d. **Recycled Products** - The State of Missouri recognizes the limited nature of our resources and the leadership role of government agencies in regard to the environment. Accordingly, the vendor is requested to print the solicitation double-sided using recycled paper, if possible, and minimize or eliminate the use of non-recyclable materials such as plastic report covers, plastic dividers, vinyl sleeves, and binding. Solicitations may be submitted in a notebook or binder.
- 4.2.4 **Compliance with Requirements, Terms and Conditions:** Vendors are cautioned that the State of Missouri shall not award a non-compliant proposal. Consequently, any vendor indicating non-compliance or providing a response in conflict with mandatory requirements, terms, conditions or provisions of the RFP shall be eliminated from further consideration for award unless the state exercises its sole option to competitively negotiate the respective proposal(s) and the vendor resolves the noncompliant issue(s).
- a. The vendor is cautioned when submitting pre-printed terms and conditions or other type material to make sure such documents do not contain terms and conditions which conflict with those of the RFP and its contractual requirements.
 - b. In order to ensure compliance with the RFP, the vendor should indicate agreement that, in the event of conflict between any of the vendor's response and the RFP requirements, terms and conditions, the RFP shall govern. Taking exception to the state's terms and conditions may render an vendor's proposal unacceptable and remove it from consideration for award.
- 4.3 Confidential Materials:**
- 4.3.1 Pursuant to section 610.021, RSMo, the vendor's proposal and related documents shall not be available for public review until a contract has been awarded or all proposals are rejected.
- a. The Division of Purchasing is a governmental body under Missouri Sunshine Law (chapter 610, RSMo). Section 610.011, RSMo, requires that all provisions be "*liberally construed and their exceptions strictly construed*" to promote the public policy that records are open unless otherwise provided by law.
 - b. Regardless of any claim by a vendor as to material being confidential and not subject to copying or distribution, or how a vendor characterizes any information provided in its proposal, all material submitted by the vendor in conjunction with the RFP is subject to release after the award of a contract in

relation to a request for public records under the Missouri Sunshine Law (see chapter 610, RSMo). Only information expressly permitted to be closed pursuant to the strictly construed provisions of Missouri's Sunshine Law will be treated as a closed record by the Division of Purchasing and withheld from any public request submitted to Division of Purchasing after award. The vendor should presume information provided to Division of Purchasing in a proposal will be public following the award of the contract or after rejection of all proposals and made available upon request in accordance with the provisions of state law. The vendor's sole remedy for the state's denial of any confidentiality request shall be limited to withdrawal of their proposal in its entirety. It is not the State of Missouri's intention to have requested any confidential material as part of the vendor's proposal. Therefore, vendors should NOT include confidential material with their proposal.

- c. In no event will the following be considered confidential or exempt from the Missouri Sunshine Law:
 - 1) Vendor's entire proposal including client lists, references, proposed personnel, and methodology including schedule of events and/or deliverables;
 - 2) Vendor's pricing; and
 - 3) Vendor's product specifications unless specifications specifically disclose scientific and technological innovations in which the owner has a proprietary interest (see subsection 15 of section 610.021, RSMo).
- d. On-line Proposal - If a registered vendor is responding electronically through the MissouriBUYS System website and attaches information with their proposal that is allowed by the Missouri Sunshine Law to be exempt from public disclosure, such specific material of their proposal must be attached as a separate document and must have the box "Confidential" selected when attaching the document. If the "Confidential" box is not selected when attaching the document, the document must be clearly marked as confidential along with an explanation of what qualifies the specific material to be held as confidential pursuant to the provisions of section 610.021, RSMo. The vendor's failure to follow these instructions shall relieve the state of any obligation to preserve the confidentiality of the documents.
- e. Hard Copy Proposal - If the vendor is submitting a proposal via the mail or a courier service or is hand delivering the proposal and submits information with their proposal that is allowed by the Missouri Sunshine Law to be exempt from public disclosure, such specific material of their proposal must be separated, sealed, and clearly marked as confidential along with an explanation of what qualifies the specific material to be held as confidential pursuant to the provisions of section 610.021, RSMo. The vendor's failure to follow this instruction shall relieve the state of any obligation to preserve the confidentiality of the documents.
- f. Imaging Ready - Except for any portion of a proposal qualifying as confidential as determined by the Division of Purchasing as specified above, after a contract is executed or all proposals are rejected, all proposals are scanned into the Division of Purchasing imaging system.
 - 1) The scanned information will be available for viewing through the Internet from the Division of Purchasing Awarded Bid and Contract Document Search system. Therefore, the vendor is advised not to include any information in the proposal that the vendor does not want to be viewed by the public, including personal identifying information such as social security numbers.
 - 2) Also, in preparing a proposal, the vendor should be mindful of document preparation efforts for imaging purposes and storage capacity that will be required to image the proposal and should limit proposal content to items that provide substance, quality of content, and clarity of information.

4.4 Proposal Format:

- 4.4.1 To facilitate the evaluation process, the vendor is encouraged to organize their proposal into the following sections that correspond with the individual evaluation categories described herein. The vendor is cautioned

that it is the vendor's sole responsibility to submit information related to the evaluation categories and that the State of Missouri is under no obligation to solicit such information if it is not included with the proposal. The vendor's failure to submit such information may cause an adverse impact on the evaluation of the proposal. The proposal should be page.

If such negotiations are conducted, the following conditions shall apply:
- 4.5.2 Negotiations may be conducted in person, in writing, or by telephone.
- 4.5.3 Negotiations will only be conducted with potentially acceptable proposals. The Division of Purchasing reserves the right to limit negotiations to those proposals which received the highest rankings during the initial evaluation phase. All vendors involved in the negotiation process will be invited to submit a best and final offer.
- 4.5.4 Terms, conditions, prices, methodology, or other features of the vendor's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the vendor may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.

4.6.2 Evaluation Phase 1 - Sample Testing:

- a. After determining that a proposal satisfies the mandatory requirements stated in the Request for Proposal there will be an objective analysis of the samples submitted with the vendor's proposal in accordance with the following:

4.6.4 Details on the rating and scoring of the Technical Proposal can be found on Attachment 8.

4.6.5 The vendor is advised that an evaluation committee and other subject-matter experts will be used to review and assess the proposals for responsiveness to mandatory requirements of the RFP and in accordance with the subjective evaluation criteria stated in the RFP. The ethical standards of 1 Code of State Regulation (CSR) 40-1.050(7)(O) will apply to evaluators. Vendors can be sanctioned for unauthorized contact with any evaluator under 1 CSR 40-1.060(8)(G) and (H) available at <http://www.sos.mo.gov/adrules/csr/csr.asp>.

4.6.6 After an initial screening process, a question and answer conference or interview may be conducted with the vendor, if deemed necessary by the Division of Purchasing. In addition, the vendor may be asked to make an oral presentation of their proposal during the conference. Attendance cost at the conference shall be at the vendor's expense. Such conference shall be coordinated by the Division of Purchasing.

4.6.7 In the event only one proposal is received, the State of Missouri reserves the right to review the proposal to determine if the vendor is responsive, responsible, and reliable. Such determination shall be based upon information submitted in the Technical Proposal.

4.6.8 Separate evaluations shall be conducted for each of the groups for a total of three evaluations and awards made accordingly.

4.7 Evaluation of Cost:

- 4.7.1 Pricing – The vendor must provide pricing for all line items within each proposed group, as required on Exhibit A-Pricing Page.
- 4.7.2 Objective Evaluation of Cost – For each proposed group, the cost evaluation shall be based on a total cost determined using the estimated quantities stated on the Pricing Page and the prices stated on Exhibit A for the original contract period and each potential renewal period.
- a. Cost evaluation points shall be determined from the result of the calculation stated above using the following formula:

$$\frac{\text{Lowest Responsive Vendor's Price}}{\text{Compared Vendor's Price}} \times \text{Maximum Cost Evaluation points (100)} = \text{Assigned Cost Points}$$

- 4.7.3 The vendor shall agree and understand that the quantities used in the evaluation of cost are provided solely to document how cost will be evaluated. The State of Missouri makes no guarantee regarding the accuracy of the quantities stated nor does the State of Missouri intend to imply that the figures used for the cost evaluation in any way reflect either actual or anticipated usage.

4.8 Evaluation of Proposed Methodology, Approach, and Work Plan:

- 4.8.1 The Technical Proposal should present a Proposed Methodology and Approach that demonstrates the method or manner in which the vendor proposes to satisfy the requirements of the RFP using the format on Exhibit B-Technical Proposal-Proposed Methodology and Approach.
- 4.8.2 The language of the narrative should be straightforward and limited to facts, solutions to problems, and plans of action.
- 4.8.3 The vendor's Proposed Methodology, Approach, and Work Plan will be rated using the adjectival rating system as defined in Tables 1-3 of Attachment 8. Specifically, the vendor's proposed technical support will be rated using the adjectival rating system as defined in Table 1, the vendor's proposed delivery will be rated using the adjectival rating system defined in Table 2, and the vendor's proposed warranty will be rated using the adjectival rating system as defined in Table 3. Details on the rating and scoring of the Proposed, Methodology, Approach, and Work Plan can be found in Table 4 of Attachment 8.

4.9 Evaluation of Past Performance:

- 4.9.1 The Technical Proposal should provide overall relevant experience and two (2) past performance case studies using the format on Exhibit C. Such case studies should be no longer than one (1) page and summarize the project's context, objectives, approach, and impact achieved relevant to the Proposal. These case studies should have been completed in the past three (3) years. At least one (1) should involve work for a government agency of similar scale and complexity to the Missouri Department of Corrections. The case study should include the name and contact information for a client representative who can speak to the scope, quality, and impact of the vendor's work. The State of Missouri may or may not contact these references during the review process. For evaluation purposes, only the first two (2) past performance case studies will be considered. Any additional past performance case studies submitted will not be evaluated.
- 4.9.2 The vendor's past performance will be rated using the adjectival rating system as defined in Table 5 of Attachment 8. Details on the rating and scoring of the Past Performance can be found in Table 6 of Attachment 8.

4.10 Evaluation of Vendor's Minority Business Enterprise (MBE)/ Women Business Enterprise (WBE) Participation:

4.10.1 In order for the Division of Purchasing (Purchasing) to meet the provisions of Executive Order 05-30, the vendor should secure participation of certified MBEs and WBEs in providing the products/services required in this RFP. The targets of participation recommended by the State of Missouri are 10% MBE and 5% WBE of the total dollar value of the contract.

- a. These targets can be met by a qualified MBE/WBE vendor themselves and/or through the use of qualified subcontractors, suppliers, joint ventures, or other arrangements that afford meaningful opportunities for MBE/WBE participation.
- b. The services performed or the products provided by MBE/WBEs must provide a commercially useful function related to the delivery of the contractually-required service/product in a manner that will constitute an added value to the contract and shall be performed/provided exclusive to the performance of the contract. Therefore, if the services performed or the products provided by MBE/WBEs is utilized, to any extent, in the vendor's obligations outside of the contract, it shall not be considered a valid added value to the contract and shall not qualify as participation in accordance with this clause.
- c. In order to be considered as meeting these targets, the MBE/WBEs must be "qualified" by the proposal opening date (date the proposal is due). (See below for a definition of a qualified MBE/WBE.)

4.10.2 The vendor's proposed participation of MBE/WBE firms in meeting the targets of the RFP will be considered in the evaluation process as specified below:

- a. If Participation Meets Target: Vendors proposing MBE and WBE participation percentages that meet the State of Missouri's target participation percentage of 10% for MBE and 5% for WBE shall be assigned the maximum stated MBE/WBE Participation evaluation points.
- b. If Participation Exceeds Target: Vendors proposing MBE and WBE participation percentages that exceed the State of Missouri's target participation shall be assigned the same MBE/WBE Participation evaluation points as those meeting the State of Missouri's target participation percentages stated above.
- c. If Participation Below Target: Vendors proposing MBE and WBE participation percentages that are lower than the State of Missouri's target participation percentages of 10% for MBE and 5% for WBE shall be assigned a proportionately lower number of the MBE/WBE Participation evaluation points than the maximum MBE/WBE Participation evaluation points.
- d. If No Participation: Vendors failing to propose any commercially useful MBE/WBE participation shall be assigned a score of 0 in this evaluation category.

4.10.3 MBE/WBE Participation evaluation points shall be assigned using the following formula:

$$\frac{\text{Vendor's Proposed MBE \%} \leq 10\% + \text{WBE \%} \leq 5\%}{\text{State's Target MBE \% (10) + WBE \% (5)}} \times \begin{matrix} \text{Maximum} \\ \text{MBE/WBE} \\ \text{Participation} \\ \text{Evaluation points} \\ (10) \end{matrix} = \begin{matrix} \text{Assigned} \\ \text{MBE/WBE} \\ \text{Participation} \\ \text{points} \end{matrix}$$

4.10.4 If the vendor is proposing MBE/WBE participation, in order to receive evaluation consideration for MBE/WBE participation, the vendor must provide the following information with the proposal.

- a. Participation Commitment - If the vendor is proposing MBE/WBE participation, the vendor must complete Exhibit D, Participation Commitment, by listing each proposed MBE and WBE, the committed percentage of participation for each MBE and WBE, and the commercially useful products/services to be provided by the listed MBE and WBE. If the vendor submitting the proposal is a qualified MBE and/or

- amount that must equal, at a minimum, the greater of \$5,000 or 2% of the total dollar value of the contract for purchases not exceeding \$10 million.
- 2) The services performed or the products provided by the organization for the blind or sheltered workshop must provide a commercially useful function related to the delivery of the contractually required service/product in a manner that will constitute an added value to the contract and shall be performed/provided exclusive to the performance of the contract. Therefore, if the services performed or the products provided by the organization for the blind or sheltered workshop are utilized, to any extent, in the vendor's obligations outside of the contract, it shall not be considered a valid added value to the contract and shall not qualify as participation in accordance with this clause.
 - 3) If the vendor is proposing participation by an organization for the blind or sheltered workshop, in order to receive evaluation consideration for participation by the organization for the blind or sheltered workshop, the vendor must provide the requested information with the proposal.
 - 4) A sliding scale for the award of points shall range from a minimum of five (5) points to a maximum of fifteen (15) points. The award of the minimum five (5) points shall be based on the proposal containing a commitment that the participating nonprofit organization or workshop is providing the greater of two percent (2%) or five thousand dollars (\$5,000) of the total contract value of proposals for purchases not exceeding ten (10) million dollars.
- b. Where the commitment in the proposal exceeds the minimum level set forth in section 34.165, RSMo to obtain five (5) points, the awarded points shall exceed the minimum five (5) points, up to a maximum of fifteen (15) points. As the statute sets out a minimum of five (5) points for a minimum two percent (2%) commitment, each percent of commitment is worth two and one-half (2.5) points. The formula to determine the awarded points for commitments above the two percent (2%) minimum shall be calculated based on the commitment in the proposal (which in the formula will be expressed as a number [Vendor's Commitment Number below], not as a percentage) times two and one-half (2.5) points:

$$\text{Vendor's Commitment Number} \times 2.5 \text{ points} = \text{Awarded Points}$$

Examples: A commitment of three percent (3%) would be calculated as: $3 \times 2.5 \text{ points} = 7.5$ awarded points. A commitment of five and one-half percent (5.5%) would be calculated as: $5.5 \times 2.5 \text{ points} = 13.75$ awarded points. If, instead of a percentage, a vendor's proposal lists a dollar figure that is over the minimum amount, the dollar figure shall be converted into the percentage of the vendor's total contract value for calculation of the awarded points. Commitments at or above six percent (6%) receive the maximum of fifteen (15) points.

- 1) Participation Commitment - The vendor must complete Exhibit D, Participation Commitment, by identifying the organization for the blind or sheltered workshop, the amount of participation committed, and the commercially useful products/services to be provided by the listed organization for the blind or sheltered workshop. If the vendor submitting the proposal is an organization for the blind or sheltered workshop, the vendor must be listed in the appropriate table on the Participation Commitment Form.
- 2) Documentation of Intent to Participate – The vendor must either provide a properly completed Exhibit E, Documentation of Intent to Participate Form, or letter of intent recently signed by the proposed organization for the blind or sheltered workshop which: (1) must describe the products/services the organization for the blind/sheltered workshop will provide and (2) should include evidence of the organization for the blind/sheltered workshop qualifications (e.g. copy of certificate or Certificate Number for Missouri Sheltered Workshop).

NOTE: If the vendor submitting the proposal is an organization for the blind or sheltered workshop, the vendor is not required to complete Exhibit E, Documentation of Intent to Participate Form or provide a letter of intent.

- c. A list of Missouri sheltered workshops can be found at the following Internet address:
- Listing of Missouri Sheltered Workshops:

<http://www.lhbindustries.com>

<http://www.alphapointe.org>

e. Commitment – If the vendor’s proposal is awarded, the organization for the blind or sheltered workshop participation committed to by the vendor on Exhibit D, Participation Commitment, shall be interpreted as a contractual requirement.

4.11.2 Service-Disabled Veteran Business Enterprises (SDVEs) – Pursuant to section 34.074, RSMo, and 1 CSR 40-1.050, the Division of Purchasing (Purchasing) has a goal of awarding three (3) percent of all contracts for the performance of any job or service to qualified service-disabled veteran business enterprises (SDVEs). A three (3) point bonus preference shall be granted to vendors including products and/or services manufactured, produced or assembled by a qualified SDVE.

a. In order to qualify for the three bonus points, the following conditions must be met and the following evidence must be provided:

- 1) The vendor must either be an SDVE or must be proposing to utilize an SDVE as a subcontractor and/or supplier that provides at least three percent (3%) of the total contract value.
- 2) The services performed or the products provided by the SDVE must provide a commercially useful function related to the delivery of the contractually-required service/product in a manner that will constitute an added value to the contract and shall be performed/provided exclusive to the performance of the contract. Therefore, if the services performed or the products provided by the SDVE are utilized, to any extent, in the vendor’s obligations outside of the contract, it shall not be considered a valid added value to the contract and shall not qualify as participation in accordance with this clause.
- 3) In order to receive evaluation consideration for participation by an SDVE, the vendor must provide the following information with the proposal:
 - Participation Commitment - The vendor must complete Exhibit D, Participation Commitment, by identifying each proposed SDVE, the committed percentage of participation for each SDVE, and the commercially useful products/services to be provided by the listed SDVE. If the vendor submitting the proposal is a qualified SDVE, the vendor must be listed in the appropriate table on the Participation Commitment Form.
 - Documentation of Intent to Participate – The vendor must either provide a properly completed Exhibit E, Documentation of Intent to Participate Form or letter of intent recently signed by the proposed SDVE which: (1) must describe the products/services the SDVE will provide and (2) must include the SDV Documents described below as evidence that the SDVE is qualified, as defined herein.
 - Service-Disabled Veteran (SDV) Documents - If a participating organization is an SDVE, unless previously submitted within the past three (3) years to the Purchasing, the vendor must provide the following Service-Disabled Veteran (SDV) documents:
 - ✓ a copy of the SDV’s Certificate of Release or Discharge from Active Duty (DD Form 214), and a copy of the SDV’s disability rating letter issued by the Department of Veterans Affairs establishing a service connected disability rating, or a Department of Defense determination of service connected disability.

NOTE:

- a) If the vendor submitting the proposal is a qualified SDVE, the vendor must include the SDV Documents as evidence that the vendor qualifies as an SDVE. However, the vendor is not required to complete Exhibit E, Documentation of Intent to Participate Form or provide a recently dated letter of intent.
- b) If the SDVE and SDV are listed on the following internet address, the vendor is not required to provide the SDV Documents listed above.
<http://content.oa.mo.gov/sites/default/files/sdvelisting.pdf>

b. Commitment – If awarded a contract, the SDVE participation committed to by the vendor on Exhibit D, Participation Commitment, shall be interpreted as a contractual requirement.

c. Definition - Qualified SDVE:

- 1) SDVE is doing business as a Missouri firm, corporation, or individual or maintaining a Missouri office or place of business, not including an office of a registered agent;
- 2) SDVE has not less than fifty-one percent (51%) of the business owned by one (1) or more service-disabled veterans (SDVs) or, in the case of any publicly-owned business, not less than fifty-one percent (51%) of the stock of which is owned by one (1) or more SDVs;
- 3) SDVE has the management and daily business operations controlled by one (1) or more SDVs;
- 4) SDVE has a copy of the SDV's Certificate of Release or Discharge from Active Duty (DD Form 214), and a copy of the SDV's disability rating letter issued by the Department of Veterans Affairs establishing a service connected disability rating, or a Department of Defense determination of service connected disability; and
- 5) SDVE possesses the power to make day-to-day as well as major decisions on matters of management, policy, and operation.

4.11.3 Affidavit of Work Authorization and Documentation - Pursuant to section 285.530, RSMo, if the vendor meets the section 285.525, RSMo, definition of a "business entity" (<http://www.moga.mo.gov/mostatutes/stathtml/28500005301.html?&me=285.530>), the vendor must affirm the vendor's enrollment and participation in the E-Verify federal work authorization program with respect to the employees hired after enrollment in the program who are proposed to work in connection with the services requested herein. The vendor should complete applicable portions of Exhibit F, Business Entity Certification, Enrollment Documentation, and Affidavit of Work Authorization. The applicable portions of Exhibit F must be submitted prior to an award of a contract.

4.11.4 The vendor should complete and submit Exhibit G, Miscellaneous Information.

4.12 The Domestic Products Procurement Act:

4.12.1 In accordance with the Domestic Product Procurement Act (hereinafter referred to as the Buy American Act) sections 34.350 to 34.359, RSMo, the vendor is advised that any goods purchased or leased by any public agency shall be manufactured or produced in the United States.

4.12.2 Vendors who can certify that goods or commodities to be provided in accordance with the contract are manufactured or produced in the United States or imported in accordance with a qualifying treaty, law, agreement, or regulation shall be entitled to a ten percent (10%) preference over vendors whose products do not qualify.

- 4.12.3 The requirements of the Buy American Act shall not apply if other exceptions to the Buy American mandate in section 34.353, RSMo, are met.
- 4.12.4 If the vendor claims there is only one line of the good manufactured or produced in the United States, subsection 2 of section 34.353, RSMo, or that one of the exceptions of subsection 3 of 34.353, RSMo, applies, the Executive Head of the Agency bears the burden of certification as required prior to the award of a contract.
- 4.12.5 In accordance with the Buy American Act, the vendor must provide proof of compliance with section 34.353, RSMo. Therefore the vendor should complete and return Exhibit H, certification regarding proof of compliance, with the proposal. This document must be satisfactorily completed prior to an award of a contract.
- 4.12.6 If the lowest priced vendor qualifies as American-made or in the event all of the vendors or none of the vendors qualify for the Buy American preference, no further calculation is necessary. In the event the lowest priced vendor does not qualify for the Buy American Preference but other vendors do qualify, then the low vendor's price(s) is increased by 10% for those items not eligible for the Buy American Preference.
- 4.12.7 If any products and/or services offered under this RFP are being manufactured or performed at sites outside the United States, the vendor MUST disclose such fact and provide details with the proposal.

- d. Purchasing monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among vendors, price-fixing by vendors, or any other anticompetitive conduct by vendors which appears to violate state and federal antitrust laws. Any suspected violation shall be referred to the Missouri Attorney General's Office for appropriate action.
- e. The RFP is available for viewing and downloading on the MissouriBUYS Statewide eProcurement System. Registered vendors are electronically notified of those proposal opportunities that match the commodity codes for which the vendor registered in MissouriBUYS. If a registered vendor's e-mail address is incorrect, the vendor must update the e-mail address themselves on the state's MissouriBUYS Statewide eProcurement System at <https://missouribuy.mo.gov/>.
- f. Purchasing reserves the right to officially amend or cancel an RFP after issuance. It shall be the sole responsibility of the vendor to monitor the MissouriBUYS Statewide eProcurement System to obtain a copy of the addendum(s). Registered vendors who received e-mail notification of the proposal opportunity when the RFP was established and registered vendors who have responded to the RFP on-line prior to an addendum being issued should receive e-mail notification of the addendum(s). Registered vendors who received e-mail notification of the proposal opportunity when the RFP

was established and registered vendors who have responded to the proposal on-line prior to a cancellation being issued should receive e-mail notification of a cancellation issued prior to the exact end date and time specified in the RFP.

4. PREPARATION OF PROPOSALS

- a. Vendors must examine the entire RFP carefully. Failure to do so shall be at the vendor's risk.
- b. Unless otherwise specifically stated in the RFP, all specifications and requirements constitute minimum requirements. All proposals must meet or exceed the stated specifications and requirements.
- c. Unless otherwise specifically stated in the RFP, any manufacturer names, trade names, brand names, information and/or catalog numbers listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition. The vendor may offer any brand which meets or exceeds the specification for any item, but must state the manufacturer's name and model number for any such brands in the proposal. In addition, the vendor shall explain, in detail, (1) the reasons why the proposed equivalent meets or exceeds the specifications and/or requirements and (2) why the proposed equivalent should not be considered an exception thereto. Proposals which do not comply with the requirements and specifications are subject to rejection without clarification.
- d. Proposals lacking any indication of intent to offer an alternate brand or to take an exception shall be received and considered in complete compliance with the specifications and requirements as listed in the RFP.
- e. In the event that the vendor is an agency of state government or other such political subdivision which is prohibited by law or court decision from complying with certain provisions of an RFP, such a vendor may submit a proposal which contains a list of statutory limitations and identification of those prohibitive clauses. The vendor should include a complete list of statutory references and citations for each provision of the RFP, which is affected by this paragraph. The statutory limitations and prohibitive clauses may (1) be requested to be clarified in writing by Purchasing or (2) be accepted without further clarification if the statutory limitations and prohibitive clauses are deemed acceptable by Purchasing. If Purchasing determines clarification of the statutory limitations and prohibitive clauses is necessary, the clarification will be conducted in order to agree to language that reflects the intent and compliance of such law and/or court order and the RFP.
- f. All equipment and supplies offered in a proposal must be new, of current production, and available for marketing by the manufacturer unless the RFP clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered.
- g. Prices shall include all packing, handling and shipping charges FOB destination, freight prepaid and allowed unless otherwise specified in the RFP.
- h. Proposals, including all prices therein, shall remain valid for 90 days from proposal opening or Best and Final Offer (BAFO) submission unless otherwise indicated. If the proposal is accepted, the entire proposal, including all prices, shall be firm for the specified contract period.
- i. Any foreign vendor not having an Employer Identification Number assigned by the United States Internal Revenue Service (IRS) must submit a completed IRS Form W-8 prior to or with the submission of their proposal in order to be considered for award.

5. SUBMISSION OF PROPOSALS

- a. Registered vendors may submit proposals electronically through the MissouriBUYS Statewide eProcurement System at <https://missouribuy.com.gov/> or by delivery of a hard copy to the Purchasing office. Vendors that have not registered on the MissouriBUYS Statewide eProcurement System may submit proposals hard copy delivered to the Purchasing office. Delivered proposals must be sealed in an envelope or container, and received in the Purchasing office located at 301 West High St, Rm 630 in Jefferson City, MO no later than the exact end date and time specified in the RFP. All proposals must (1) be submitted by a duly authorized representative of the vendor's organization, (2) contain all information required by the RFP, and (3) be priced as required. Hard copy proposals may be mailed to the Purchasing post office box address. However, it shall be the responsibility of the vendor to ensure their proposal is in the Purchasing office (address listed above) no later than the exact end date and time specified in the RFP.
- b. The sealed envelope or container containing a proposal should be clearly marked on the outside with (1) the official RFP number and (2) the official end date and time. Different proposals should not be placed in the same envelope, although copies of the same proposal may be placed in the same envelope.
- c. A proposal submitted electronically by a registered vendor may be modified on-line prior to the official end date and time. A proposal which has been delivered to the Purchasing office may be modified by signed, written notice which has been received by Purchasing prior to the official end date and time specified. A proposal may also be modified in person by the vendor or its authorized representative, provided proper identification is presented before the official end date and time. Telephone or telegraphic requests to modify a proposal shall not be honored.
- d. A proposal submitted electronically by a registered vendor may be retracted on-line prior to the official end date and time. A proposal which has been delivered to the Purchasing may only be withdrawn by a signed, written document on company letterhead transmitted via mail, e-mail, or facsimile which has been received by Purchasing prior to the official end and time specified. A proposal may also be withdrawn in person by the vendor or its authorized representative, provided proper identification is presented before the official end date and time. Telephone or telegraphic requests to withdraw a proposal shall not be honored.
- e. A proposal may also be withdrawn after the proposal opening through submission of a written request by an authorized representative of the vendor. Justification of withdrawal decision may include a significant error or exposure of proposal information that may cause irreparable harm to the vendor.
- f. When submitting a proposal electronically, the registered vendor indicates acceptance of all RFP requirements, terms and conditions by clicking on the "Accept" button on the Overview tab. Vendors delivering a hard copy proposal to Purchasing must sign and return the RFP cover page or, if applicable, the cover page of the last addendum thereto in order to constitute acceptance by the vendor of all RFP requirements, terms and conditions. Failure to do so may result in rejection of the proposal unless the vendor's full compliance with those documents is indicated elsewhere within the vendor's response.
- g. Faxed proposals shall not be accepted. However, faxed and e-mail no-bid notifications shall be accepted.

6. PROPOSAL OPENING

- a. Proposal openings are public on the end date and at the opening time specified on the RFP document. Only the names of the respondents shall be read at the proposal opening. All vendors may view the same proposal response information on the MissouriBUYS Statewide eProcurement System. The contents of the responses shall not be disclosed at this time.
- b. Proposals which are not received in the Purchasing office prior to the official end date and time shall be considered late, regardless of the degree of lateness, and normally will not be opened. Late proposals may only be opened under extraordinary circumstances in accordance with 1 CSR 40-1.050.

7. PREFERENCES

- a. In the evaluation of proposals, preferences shall be applied in accordance with chapter 34, RSMo, other applicable Missouri statutes, and applicable Executive Orders. Contractors should apply the same preferences in selecting subcontractors.
- b. By virtue of statutory authority, a preference will be given to materials, products, supplies, provisions and all other articles produced, manufactured, mined, processed or grown within the State of Missouri and to all firms, corporations or individuals doing business as Missouri firms, corporations or individuals. Such preference shall be given when quality is equal or better and delivered price is the same or less.

- c. In accordance with Executive Order 05-30, contractors are encouraged to utilize certified minority and women-owned businesses in selecting subcontractors.

8. EVALUATION/AWARD

- a. Any clerical error, apparent on its face, may be corrected by the buyer before contract award. Upon discovering an apparent clerical error, the buyer shall contact the vendor and request clarification of the intended proposal. The correction shall be incorporated in the notice of award. Examples of apparent clerical errors are: 1) misplacement of a decimal point; and 2) obvious mistake in designation of unit.
- b. Any pricing information submitted by a vendor shall be subject to evaluation if deemed by Purchasing to be in the best interest of the State of Missouri.
- c. The vendor is encouraged to propose price discounts for prompt payment or propose other price discounts that would benefit the State of Missouri. However, unless otherwise specified in the RFP, pricing shall be evaluated at the maximum potential financial liability to the State of Missouri.
- d. Awards shall be made to the vendor whose proposal (1) complies with all mandatory specifications and requirements of the RFP and (2) is the lowest and best proposal, considering price, responsibility of the vendor, and all other evaluation criteria specified in the RFP and any subsequent negotiations and (3) complies with chapter 34, RSMo, other applicable Missouri statutes, and all applicable Executive Orders.
- e. In the event all vendors fail to meet the same mandatory requirement in an RFP, Purchasing reserves the right, at its sole discretion, to waive that requirement for all vendors and to proceed with the evaluation. In addition, Purchasing reserves the right to waive any minor irregularity or technicality found in any individual proposal.
- f. Purchasing reserves the right to reject any and all proposals.
- g. When evaluating a proposal, the State of Missouri reserves the right to consider relevant information and fact, whether gained from a proposal, from a vendor, from vendor's references, or from any other source.
- h. Any information submitted with the proposal, regardless of the format or placement of such information, may be considered in making decisions related to the responsiveness and merit of a proposal and the award of a contract.
- i. Negotiations may be conducted with those vendors who submit potentially acceptable proposals. Proposal revisions may be permitted for the purpose of obtaining best and final offers. In conducting negotiations, there shall be no disclosure of any information submitted by competing vendors.
- j. Any award of a contract shall be made by notification from Purchasing to the successful vendor. Purchasing reserves the right to make awards by item, group of items, or an all or none basis. The grouping of items awarded shall be determined by Purchasing based upon factors such as item similarity, location, administrative efficiency, or other considerations in the best interest of the State of Missouri.
- k. Pursuant to section 610.021, RSMo, proposals and related documents shall not be available for public review until after a contract is executed or all proposals are rejected.
- l. Purchasing posts all proposal results on the MissouriBUYS Statewide eProcurement System for all vendors to view for a reasonable period after proposal award and maintains images of all proposal file material for review. Vendors who include an e-mail address with their proposal will be notified of the award results via e-mail.
- m. Purchasing reserves the right to request clarification of any portion of the vendor's response in order to verify the intent of the vendor. The vendor is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.
- n. Any proposal award protest must be received within ten (10) business days after the date of award in accordance with the requirements of 1 CSR 40-1.050.
- o. The final determination of contract(s) award shall be made by Purchasing.

- a. By submitting a proposal, the vendor agrees to furnish any and all equipment, supplies and/or services specified in the RFP, at the prices quoted, pursuant to all requirements and specifications contained therein.
- b. A binding contract shall consist of: (1) the RFP, addendums thereto, and any Best and Final Offer (BAFO) request(s) with RFP changes/additions, (2) the contractor's proposal including any contractor BAFO response(s), (3) clarification of the proposal, if any, and (4) Purchasing's acceptance of the proposal by "notice of award" or by "purchase order." All Exhibits and Attachments included in the RFP shall be incorporated into the contract by reference.
- c. A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the State of Missouri, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the state agency.
- d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and Purchasing or by a modified purchase order prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

10. INVOICING AND PAYMENT

- a. The State of Missouri does not pay state or federal taxes unless otherwise required under law or regulation.
- b. The statewide financial management system has been designed to capture certain receipt and payment information. For each purchase order received, an invoice must be submitted that references the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.
- c. The contractor shall not transfer any interest in the contract, whether by assignment or otherwise, without the prior written consent of Purchasing.
- d. Payment for all equipment, supplies, and/or services required herein shall be made in arrears unless otherwise indicated in the RFP.
- e. The State of Missouri assumes no obligation for equipment, supplies, and/or services shipped or provided in excess of the quantity ordered. Any unauthorized quantity is subject to the state's rejection and shall be returned at the contractor's expense.
- f. All invoices for equipment, supplies, and/or services purchased by the State of Missouri shall be subject to late payment charges as provided in section 34.055, RSMo.
- g. The State of Missouri reserves the right to purchase goods and services using the state purchasing card.

11. DELIVERY

Time is of the essence. Deliveries of equipment, supplies, and/or services must be made no later than the time stated in the contract or within a reasonable period of time, if a specific time is not stated.

12. INSPECTION AND ACCEPTANCE

- a. No equipment, supplies, and/or services received by an agency of the state pursuant to a contract shall be deemed accepted until the agency has had reasonable opportunity to inspect said equipment, supplies, and/or services.
- b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.
- c. The State of Missouri reserves the right to return any such rejected shipment at the contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.
- d. The State of Missouri's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the state may have.

13. WARRANTY

- a. The contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by Purchasing, (2) be fit and sufficient for the purpose expressed in the RFP, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.
- b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the state's acceptance of or payment for said equipment, supplies, and/or services.

14. CONFLICT OF INTEREST

- a. Elected or appointed officials or employees of the State of Missouri or any political subdivision thereof, serving in an executive or administrative capacity, must comply with sections 105.452 and 105.454, RSMo, regarding conflict of interest.
- b. The contractor hereby covenants that at the time of the submission of the proposal the contractor has no other contractual relationships which would create any actual or perceived conflict of interest. The contractor further agrees that during the term of the contract neither the contractor nor any of its employees shall acquire any other contractual relationships which create such a conflict.

15. REMEDIES AND RIGHTS

- a. No provision in the contract shall be construed, expressly or implied, as a waiver by the State of Missouri of any existing or future right and/or remedy available by law in the event of any claim by the State of Missouri of the contractor's default or breach of contract.
- b. The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the State of Missouri of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the contractor in the fulfillment of the contract with the State of Missouri.

16. CANCELLATION OF CONTRACT

- a. In the event of material breach of the contractual obligations by the contractor, Purchasing may cancel the contract. At its sole discretion, Purchasing may give the contractor an opportunity to cure the breach or to explain how the breach will be cured. The actual cure must be completed within no more than 10 working days from notification, or at a minimum the contractor must provide Purchasing within 10 working days from notification a written plan detailing how the contractor intends to cure the breach.
- b. If the contractor fails to cure the breach or if circumstances demand immediate action, Purchasing will issue a notice of cancellation terminating the contract immediately. If it is determined Purchasing improperly cancelled the contract, such cancellation shall be deemed a termination for convenience in accordance with the contract.
- c. If Purchasing cancels the contract for breach, Purchasing reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as Purchasing deems appropriate and charge the contractor for any additional costs incurred thereby.
- d. The contractor understands and agrees that funds required to fund the contract must be appropriated by the General Assembly of the State of Missouri for each fiscal year included within the contract period. The contract shall not be binding upon the state for any period in which funds have not been appropriated, and the state shall not be liable for any costs associated with termination caused by lack of appropriations.

17. COMMUNICATIONS AND NOTICES

Any notice to the vendor/contractor shall be deemed sufficient when deposited in the United States mail postage prepaid, transmitted by facsimile, transmitted by e-mail or hand-carried and presented to an authorized employee of the vendor/contractor.

18. BANKRUPTCY OR INSOLVENCY

- a. Upon filing for any bankruptcy or insolvency proceeding by or against the contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the contractor must notify Purchasing immediately.
- b. Upon learning of any such actions, Purchasing reserves the right, at its sole discretion, to either cancel the contract or affirm the contract and hold the contractor responsible for damages.

19. INVENTIONS, PATENTS AND COPYRIGHTS

The contractor shall defend, protect, and hold harmless the State of Missouri, its officers, agents, and employees against all suits of law or in equity resulting from patent and copyright infringement concerning the contractor's performance or products produced under the terms of the contract.

20. NON-DISCRIMINATION AND AFFIRMATIVE ACTION

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall agree not to discriminate against recipients of services or employees or applicants for employment on the basis of race, color, religion, national origin, sex, age,

disability, or veteran status unless otherwise provided by law. If the contractor or subcontractor employs at least 50 persons, they shall have and maintain an affirmative action program which shall include:

- a. A written policy statement committing the organization to affirmative action and assigning management responsibilities and procedures for evaluation and dissemination;
- b. The identification of a person designated to handle affirmative action;
- c. The establishment of non-discriminatory selection standards, objective measures to analyze recruitment, an upward mobility system, a wage and salary structure, and standards applicable to layoff, recall, discharge, demotion, and discipline;
- d. The exclusion of discrimination from all collective bargaining agreements; and
- e. Performance of an internal audit of the reporting system to monitor execution and to provide for future planning.

If discrimination by a contractor is found to exist, Purchasing shall take appropriate enforcement action which may include, but not necessarily be limited to, cancellation of the contract, suspension, or debarment by Purchasing until corrective action by the contractor is made and ensured, and referral to the Attorney General's Office, whichever enforcement action may be deemed most appropriate.

21. AMERICANS WITH DISABILITIES ACT

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall comply with all applicable requirements and provisions of the Americans with Disabilities Act (ADA).

22. FILING AND PAYMENT OF TAXES

The commissioner of administration and other agencies to which the state purchasing law applies shall not contract for goods or services with a vendor if the vendor or an affiliate of the vendor makes sales at retail of tangible personal property or for the purpose of storage, use, or consumption in this state but fails to collect and properly pay the tax as provided in chapter 144, RSMo. For the purposes of this section, "affiliate of the vendor" shall mean any person or entity that is controlled by or is under common control with the vendor, whether through stock ownership or otherwise. Therefore the vendor's failure to maintain compliance with chapter 144, RSMo, may eliminate their proposal from consideration for award.
