1. PURPOSE:**1.1 Establishment of Contract**

1.1.1 In accordance with Chapter 34, Section 34.044 of the Revised Statutes of Missouri (RSMo), the State of Missouri, Division of Purchasing desires to enter into a contract with RJ Kool Company as a single feasible source for preventive maintenance, maintenance/repair, parts and labor, and the purchase of generators and concentrators on an as needed, if needed basis for various correctional, rehabilitation center, and Veterans Home facilities throughout the State of Missouri. The requirements have been posted in accordance with 34.044 RSMo.

2. GENERAL CONTRACTUAL AND PERFORMANCE REQUIREMENTS:**2.1 Contract:**

2.1.1 A binding contract shall consist of: (1) the Single Feasible Source (SFS) document, and any amendments thereto, (2) the contractor's response, (3) clarification of the response, if any, and (4) the Division of Purchasing's acceptance of the response by "notice of award" or by "purchase order". All Exhibits and Attachments included in the SFS shall be incorporated into the contract by reference.

2.1.2 A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the State of Missouri, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the state agency.

2.1.3 The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein.

2.1.4 Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Division of Purchasing or by a modified purchase order prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

2.2 Contract Period:

2.2.1 The original contract period shall be as stated on page 1 of this document. The contract shall not bind, nor purport to bind, the state for any contractual commitment in excess of the original contract period. The Division of Purchasing shall have the right, at its sole option, to renew the contract for two (2) additional one-year periods, or any portion thereof. In the event the Division of Purchasing exercises such right, all terms and conditions, requirements and specifications of the contract shall remain the same and apply during renewal periods. Pricing for the renewal period may adjust according to the applicable pricing adjustment for the specific renewal period as found on the Pricing Page.

2.3 Renewal Periods:

2.3.1 If the option for renewal is exercised by the Division of Purchasing, the contractor shall agree that the prices for the renewal period shall not exceed the maximum price for the applicable renewal period stated on the Pricing Page of the contract.

2.3.2 If renewal prices are not provided, then prices during renewal periods shall be the same as during the original contract period.

- 2.3.3 The Division of Purchasing does not automatically exercise its option for renewal based upon the maximum price and reserves the right to offer or to request renewal of the contract at a price less than the maximum price stated.
- 2.4 Firm, Fixed Pricing:**
- 2.4.1 Pricing for line items 1 through 4 shall be as indicated on the Pricing Page. The state shall not pay nor be liable for any other additional costs including but not limited to taxes, shipping charges, insurance, interest, penalties, termination payments, attorney fees, liquidated damages, etc.
- 2.4.2 All prices shall include all packing, handling, shipping and freight charges FOB Destination, Freight Prepaid and Allowed. The State of Missouri shall not make additional payments or pay add-on charges for freight or shipping unless specifically described and priced herein, or as otherwise specifically stated and allowed by the SFS.
- 2.5 Firm, Fixed Discount:**
- 2.5.1 Firm, Fixed Percentage Discounts: The firm, fixed percentage discounts (line items 5 and 6) on the Pricing Page shall apply to the manufacturer's list price for parts and supplies and list price for generators and concentrators respectively. The contractor shall understand and agree that the purpose of the discounts is for the purchase of parts and supplies and generators and concentrators for aquawing ozone systems.
- a. The contractor shall understand and agree that the manufacturer's list price may change during the contract period, although such pricing shall not change with a frequency greater than every six (6) months. In the case that more than one price is listed for the same item, the quoted firm, fixed percentage discount shall be applied to the lowest listed price. The State of Missouri shall always receive the contractor's lowest price for the item.
 - b. The contractor shall furnish the manufacturer's current list price (with products clearly identified) to the state agency upon request. The list price shall also be provided to the state agency as the list price changes and/or pricing is updated.
 - c. The contractor shall understand and agree that the firm, fixed percentage discounts shall remain the same throughout the duration of the contract.
- 2.6 Payment Terms:**
- 2.6.1 The contractor shall understand and agree the state reserves the right to make contract payments to the contractor through electronic funds transfer (EFT). Therefore, prior to any payments becoming due under the contract, the contractor must update their vendor registration with their ACH-EFT payment information at <https://MissouriBUYS.mo.gov>. Each contractor invoice must be on the contractor's original descriptive business invoice form and must contain a unique invoice number. The invoice number will be listed on the state's EFT addendum record to enable the contractor to properly apply state payments to invoices. The contractor must comply with all other invoicing requirements stated in the single feasible source.
- 2.6.2 The contractor may obtain detailed information for payments issued for the past 24 months from the State of Missouri's central accounting system (SAM II) on the Vendor Services Portal at <https://www.vendorservices.mo.gov/vendorservices/Portal/Default.aspx>.
- 2.6.3 All payment terms shall be as stated in the Terms and Conditions of the contract (see paragraph 2, "Invoicing and Payment") unless otherwise addressed herein, or mutually agreed to by the state and the contractor. Payment terms should be net 30 days unless otherwise stated herein. No late charges shall be applied which are not in compliance with Chapter 34.055 RSMo. This statute may be found at <http://www.moga.mo.gov/mostatutes/ChaptersIndex/chaptIndex034.html>.
- 2.7 Insurance:**

2.7.1 The contractor shall understand and agree that the State of Missouri cannot save and hold harmless and/or indemnify the contractor or employees against any liability incurred or arising as a result of any activity of the contractor or any activity of the contractor's employees related to the contractor's performance under the contract. Therefore, the contractor must acquire and maintain adequate liability insurance in the form(s) and amount(s) sufficient to protect the State of Missouri, its agencies, its employees, its clients, and the general public against any such loss, damage and/or expense related to his/her performance under the contract. General and other non-professional liability insurance shall include an endorsement that adds the State of Missouri as an additional insured. Self-insurance coverage or another alternative risk financing mechanism may be utilized provided that such coverage is verifiable and irrevocably reliable and the State of Missouri is protected as an additional insured.

- a. In the event any insurance coverage is canceled, the state agency must be notified within thirty (30) calendar days.

2.8 Contractor Liability:

2.8.1 The contractor shall be responsible for any and all personal injury (including death) or property damage as a result of the contractor's negligence involving any equipment or service provided under the terms and conditions, requirements and specifications of the contract. In addition, the contractor assumes the obligation to save the State of Missouri, including its agencies, employees, and assignees, from every expense, liability, or payment arising out of such negligent act. The contractor also agrees to hold the State of Missouri, including its agencies, employees, and assignees, harmless for any negligent act or omission committed by any subcontractor or other person employed by or under the supervision of the contractor under the terms of the contract.

2.8.2 The contractor shall not be responsible for any injury or damage occurring as a result of any negligent act or omission committed by the State of Missouri, including its agencies, employees, and assignees.

2.9 Coordination:

2.9.1 The contractor shall fully coordinate all contract activities with those activities of the state agency. As the work of the contractor progresses, advice and information on matters covered by the contract shall be made available by the contractor to the state agency or the Division of Purchasing throughout the effective period of the contract.

2.10 Business Compliance:

2.10.1 The contractor must be in compliance with the laws regarding conducting business in the State of Missouri. The contractor certifies by signing the signature page of this original document and any amendment signature page(s) that the contractor and any proposed subcontractors either are presently in compliance with such laws or shall be in compliance with such laws prior to any resulting contract award. The contractor shall provide documentation of compliance upon request by the Division of Purchasing. The compliance to conduct business in the state shall include but may not be limited to:

- Registration of business name (if applicable) with the Secretary of State at <http://sos.mo.gov/business/startBusiness.asp>
- Certificate of authority to transact business/certificate of good standing (if applicable)
- Taxes (e.g., city/county/state/federal)
- State and local certifications (e.g., professions/occupations/activities)
- Licenses and permits (e.g., city/county license, sales permits)
- Insurance (e.g., worker's compensation/unemployment compensation)

2.10.2 The contractor should refer to the Missouri Business Portal at <http://business.mo.gov> for additional information.

2.11 Replacement of Damaged Product:

2.11.1 The contractor shall be responsible for replacing any item received in damaged condition at no cost to the State of Missouri. This includes all shipping costs for returning non-functional items to the contractor for replacement.

2.12 Substitutions:

2.12.1 The contractor shall not substitute any item(s) that has been awarded to the contractor without the prior written approval of the Division of Purchasing.

2.12.2 In the event an item becomes unavailable, the contractor shall be responsible for providing a suitable substitute item. The contractor's failure to provide an acceptable substitute may result in cancellation or termination of the contract.

2.12.3 Any item substitution must be a replacement of the contracted item with a product of equal or better capabilities and quality, and with equal or lower pricing. The contractor shall understand that the state reserves the right to allow the substitution of any new or different product/system offered by the contractor. The Division of Purchasing shall be the final authority as to acceptability of any proposed substitution.

2.12.4 Any item substitution shall require a formal contract amendment authorized by the Division of Purchasing prior to the state acquiring the substitute item under the contract.

2.12.5 The state may choose not to compel an item substitution in the event requiring a substitution would be deemed unreasonable in the sole opinion of the State of Missouri. The contractor shall not be relieved of substituting a product in the event of manufacturer discontinuation or other reason simply for reasons of unprofitability to the contractor.

2.13 Delivery Performance:

2.13.1 The contractor and/or the contractor's subcontractor(s) shall deliver products in accordance with the contracted delivery times stated herein to the state agency upon receipt of an authorized purchase order or P-card transaction notice. Delivery shall include unloading shipments at the state agency's dock or other designated unloading site as requested by the state agency. All orders must be shipped F.O.B. Destination, Freight Prepaid and Allowed. All orders received on the last day of the contract, must be shipped at the contract price. All deliveries must be coordinated with the state agency.

2.14 Compliance with Terms and Conditions:

2.14.1 The contractor's response shall not take exception to or conflict with the mandatory requirements of the SFS (denoted by the words "must" and "shall") including the SFS terms and conditions.

2.14.2 The contractor is cautioned that when submitting pre-printed terms and conditions or documentation regarding proprietary information, copyright, usage restrictions, license agreements, etc., to make sure such documents do not contain other terms and conditions which conflict with those of the SFS and its contractual requirements.

2.14.3 The contractor's terms and conditions, including any pre-printed documents which must be executed in order to provide the goods/services required in the SFS, must be submitted herein. The contractor shall be required to do one of the following if terms and conditions are submitted: (1) The contractor must clearly state on the first page of each of their terms and conditions documents the following, "In the event of conflict between any of the ("name of company") terms and conditions and those contained herein, the SFS shall govern" or (2) Sign the signature block in **Exhibit A**, entitled "Addendum to the Contractor's Terms and Conditions". Failure to place this statement with the contractor's terms and conditions or not signing

Exhibit A and/or taking exception to the State's terms and conditions may prohibit the State of Missouri from doing business with the contractor.

2.15 Federal Funds Requirement:

2.15.1 The contractor shall understand and agree that this procurement may involve the expenditure of federal funds. Therefore, in accordance with the Departments of Labor, Health and Human Services, and Education and Related Agencies Appropriations Act, Public Law 101-166, Section 511, "Steven's Amendment", the contractor shall not issue any statements, press releases, and other documents describing projects or programs funded in whole or in part with Federal money unless the prior approval of the state agency is obtained and unless they clearly state the following as provided by the state agency:

- a. the percentage of the total costs of the program or project which will be financed with Federal money;
- b. the dollar amount of Federal funds for the project or program; and
- c. percentage and dollar amount of the total costs of the project or program that will be financed by nongovernmental sources.

2.16 Debarment Certification:

2.16.1 The contractor certifies by signing the signature page of this original document and any addendum signature page(s) that the contractor is not presently debarred, suspended, proposed for debarment, declared ineligible, voluntarily excluded from participation, or otherwise excluded from or ineligible for participation under federal assistance programs. The contractor should complete and return the attached certification regarding debarment, etc., **Exhibit B** with their response. This document must be satisfactorily completed prior to award of the contract.

2.17 Contractor's Personnel:

2.17.1 The contractor shall only employ personnel authorized to work in the United States in accordance with applicable federal and state laws. This includes but is not limited to the Illegal Immigration Reform and Immigrant Responsibility Act (IIRIRA) and INA Section 274A.

2.17.2 If the contractor is found to be in violation of this requirement or the applicable state, federal and local laws and regulations, and if the State of Missouri has reasonable cause to believe that the contractor has knowingly employed individuals who are not eligible to work in the United States, the state shall have the right to cancel the contract immediately without penalty or recourse and suspend or debar the contractor from doing business with the state.

2.17.3 The contractor shall agree to fully cooperate with any audit or investigation from federal, state, or local law enforcement agencies.

2.18 Termination:

2.18.1 The Division of Purchasing reserves the right to terminate the contract at any time, for the convenience of the State of Missouri, without penalty or recourse, by giving written notice to the contractor at least thirty (30) calendar days prior to the effective date of such termination. The contractor shall be entitled to receive compensation for services and/or supplies delivered to and accepted by the State of Missouri pursuant to the contract prior to the effective date of termination.

2.19 Estimated Quantities:

2.19.1 The quantities indicated herein are estimates that pertain to the total aggregate quantities that may be ordered incrementally at multiple times throughout the stated contract period. The estimates do not

indicate single order amounts unless otherwise stated. The State of Missouri makes no guarantees about single order quantities or total aggregate order quantities.

2.20 Confidentiality and Security Documents:

2.20.1 If required by the state agency, the contractor and any required contractor personnel must sign specific documents regarding confidentiality, security or other similar documents upon request. Failure of the contractor and any required personnel to sign such documents shall be considered a breach of contract and subject to the cancellation provisions of this document.

2.21 Independent Contractor:

2.21.1 The contractor is an independent contractor and shall not represent the contractor or the contractor's employees to be employees of the State of Missouri or an agency of the State of Missouri. The contractor shall assume all legal and financial responsibility for salaries, taxes, FICA, employee fringe benefits, workers compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save, and hold the State of Missouri, its officers, agents, and employees, harmless from and against, any and all loss; cost (including attorney fees); and damage of any kind related to such matters.

2.22 Report Requirement:

2.22.1 At no cost to the state, the contractor shall prepare and submit a written report on an annual basis indicating purchases made by the state agency off the contract. This report must at minimum show items by contract item number, respective volumes purchased for each item, respective contract price and extended contract price; an annual total by item and for all purchases must be shown. This report must be submitted to the Division of Purchasing at P.O. Box 809, Jefferson City, Missouri, 65102, and directed to the Buyer's attention.

2.23.1 The Missouri Department of Corrections requires that all of the contractor's employees and agents providing service in the facility must be at least 18 years of age. A Missouri Uniform Law Enforcement System (MULES) or other background investigation may be required on the contractor's employees and agents before allowing entry into the institution. Such investigation shall be equivalent to investigations required of all personnel employed by the Department. The institution shall have the right to deny access into the institution for any of the contractor's employees or agents for any reason. Such denial shall not relieve the contractor of any requirements of the contract.

2.23.2 Contractor's employees and agents under active federal or state felony or misdemeanor supervision must receive written division director approval prior to performing services on a Department contract. Contractors/employees/agents with prior felony convictions and not under active supervision must receive written division director approval in advance.

Furthermore, the contractor, its agents or employees, shall not obstruct the Department nor any of its designated officials from performing their duties in response to court orders or in the maintenance of a secure and safe correctional environment. The contractor shall comply with the Department's policy and procedures relating to employee conduct.

- a. The Department has a zero tolerance policy for any form of sexual misconduct to include staff/contractor/volunteer on offender or offender on offender sexual harassment, sexual assault, sexual abusive contact and consensual sex. Any contractor or contractor's employee or agent who witnesses sexual abuse or sexual harassment must immediately report it to the warden. A contractor

or contractor's employee or agent who engages in, fails to report, or knowingly condones sexual harassment or sexual contact with or between offenders shall be grounds for canceling the contract and may subject the contractor or contractor's employee or agent to criminal prosecution.

- b. Any contractor, contractor's employee or agent who has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility or other institution shall be denied access into the institution.

2.23.4 The contractor and/or contractor's employees and agents shall not interact with the offenders except as is necessary to perform the requirements of the contract. 3.1.3 If applicable, the contractor shall ensure that all parts are factory replacements only, and proof of origin shall be presented to the state agency upon request. The contractor shall agree and understand that all parts repaired, replaced, or removed shall become property of the State of Missouri.

3.1.4 The contractor shall agree and understand that the state agency is not responsible for any cost associated with aquawing ozone system replacement parts when installed by the contractor or the contractor's agents without the state agency's prior written consent.

The vendor must indicate the maximum price applicable to the renewal option periods. The vendor must respond with firm, fixed renewal pricing, NOT a percentage of increase or decrease. Statements such as "a percentage of the then-current price" or "consumer price index" are NOT ACCEPTABLE.

If a dollar amount is not proposed (i.e., left blank), the state shall have the right to execute the option at the same price(s) proposed for the original contract period. Vendors are cautioned that a vendor's quote of **\$0.00** will be interpreted literally as a zero-price item which may render the bid non-responsive if the vendor does not intend to offer the product or service at a price of \$0.00.

In conducting the cost evaluation, the State of Missouri will evaluate pricing that determines the potential maximum financial liability to the State of Missouri.

In addition to the above, the contractor shall provide firm, fixed percentage discounts to be applied to the current manufacturer's list price for all parts and supplies (line item 5), and the manufacturer's list price for generators and concentrators (line item 6).
