1.2 Vendor Information:

- 1.2.1 The Missouri Department of Corrections, Purchasing Section, is transitioning to the new MissouriBUYS eProcurement system. All vendors that sell products or services to the state, new or existing, will be required to register or re-register on the MissouriBUYS website at <https://missouribuy.mo.gov>. Please note that there are written instructions located on the "Register" tab as well as a Vendor Training Video.

1.3 General Information:

- 1.3.1 The Department makes no guarantee as to the size of the scope of work at any location.
- 1.3.2 Terms and Conditions - It is recommended that all bidders review the Terms and Conditions governing this solicitation in its entirety, giving particular emphasis to examining those sections related to:
- Open Competition
 - Preparation of Bids
 - Submission of Bids
 - Evaluation and Award

- 1.3.3 Annual expenditures from this contract shall not exceed \$24,999.99.

- 1.3.4 Funds – Expenditures from federal funds are not included in this contract.

1.4 Questions Regarding the IFB:

- 1.4.1 It is the bidder's responsibility to ask questions, request changes or clarifications, or otherwise advise the Department if the bidder believes that any language, specifications or requirements are: (1) ambiguous, (2) contradictory or arbitrary, or both, (3) violate any state or federal law or regulation, (4) restrict or limit the requirements to a single source, or (5) restrict or limit the bidder's ability to submit a bid.
- a. Except as may be otherwise stated herein, the bidder and the bidder's agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the IFB, the solicitation process, the evaluation, etc., to the Buyer of Record indicated on the first page of this IFB. Inappropriate contacts to other personnel are grounds for suspension and/or exclusion from specific procurements. Bidders and their agents who have questions regarding this matter should contact the Buyer of Record.
 - b. All questions and issues should be submitted at least ten (10) working days prior to the due date of the bid. If not received prior to ten (10) working days before the bid due date, the Department may not be able to fully research and consider the respective questions or issues. Questions and issues relating to the

IFB, including questions related to the competitive procurement process, must be directed to the Buyer of Record. It is preferred that questions be e-mailed to the Buyer of Record at steven.beeson@doc.mo.gov.

- c. The Department will attempt to ensure that a bidder receives an adequate and prompt response to questions, if applicable. Upon the Department's consideration of questions and issues, if the Department determines that changes are necessary, the resulting changes will be included in a subsequently issued IFB amendment(s); absence of such response indicates that the questions and issues were considered but deemed unnecessary for an IFB amendment as the questions and issues did not provide further clarity to the IFB. All bidders will be advised of any change to the IFB's language, specifications, or requirements by a formal amendment to the IFB.

NOTE: The only official position of the Department shall be that which is contained in the IFB and any amendments thereto.

- a. Services must not be scheduled on official state holidays. A list of official state holidays may be found on the State of Missouri web site at:

<http://content.oe.mo.gov/personnel/state-employees/hours-work-overtime-and-holidays>

- b. Delivery Addresses: See Attachments 1-3

2.1.4 If requested by P&P, the contractor shall supply locked security containers for the collection of documents in the size(s) and quantity specified by the applicable P&P location. The contractor shall provide all containers free of charge.

2.1.5 If locked security containers are requested:

- a. Each container shall have a drop-slot and a key-locked deadbolt. The contractor shall place each container in the location requested by the P&P location, provided that placement is in accordance with applicable fire codes.
- b. The contractor shall clearly mark containers for their intended use.
- c. The contractor shall not limit the number of containers at any particular P&P site. The contractor shall coordinate and work in good faith with the P&P designee in determining the number and size of containers required at each P&P location.
- d. The contractor shall retain ownership of the containers. The contractor shall agree that the Department shall not be responsible for any liability incurred by the contractor or the contractor's employees arising out of the possession, use, maintenance, delivery, return, and/or collection from the containers provided by the contractor.

2.1.6 The contractor shall provide the services on an as needed basis. The Department does not guarantee any usage of the contract whatsoever.

2.1.7 Unless otherwise specified herein, the contractor shall furnish all material, labor, facilities, equipment, and supplies necessary to perform the services required herein.

2.1.8 The contractor shall perform all services to the sole satisfaction of the P&P designee.

2.2 Scope of Work:

2.2.1 The contractor shall perform on-site document destruction services at each applicable P&P location on an as needed basis or on a regularly scheduled basis as mutually agreed upon between the contractor and each applicable P&P location.

2.2.2 The contractor shall provide the document destruction services by no later than five (5) working days after a request for service is made, or by the date mutually agreed upon between the P&P location and the contractor. The P&P location shall request services by telephone, fax, or other method as agreed upon between the contractor and the P&P location.

2.2.3 The contractor shall understand and agree that the Department requires flexibility in the arrangements and methods for the collection of documents on a building-to-building and case-by-case basis. The contractor shall coordinate and work in good faith with each P&P location and its designee in seeking and obtaining the arrangements and methods of collection.

2.2.4 Documents to be destroyed will be in a locked storage area at each P&P location. Therefore, the contractor shall transport the documents from each locked storage area to the contractor's on-site document destruction equipment/vehicle in covered containers in order to ensure that no record is lost or mislaid en route.

a. In the event the P&P location does not have the documents in covered container(s), the contractor shall make every effort to ensure that no record is lost or mislaid en route.

b. If requested, the contractor shall remove and/or dispose of all cardboard boxes that were used to contain the documents. The contractor is encouraged to reuse or recycle all cardboard boxes.

2.2.5 The contractor shall weigh all documents collected using a certified scale, perform document destruction on-site, and provide the P&P location with a Certificate of Destruction and weigh ticket. At a minimum, the Certificate of Destruction must include the name and address of the P&P location, date of service, description and weight of documents destroyed, service representative name, and truck number.

a. Destruction of documents shall be accomplished through shredding "cross cut" or "pulping." Strip shredding is not allowed.

b. The contractor shall destroy all documents to a maximum size of no greater than particles one square inch. However, if requested by the P&P location and if the contractor is capable, the contractor shall destroy documents to a maximum size of 5/16".

c. The contractor shall police the immediate document destruction area and ensure that all loose material particles are collected and removed each time document destruction services are performed.

2.2.6 Confidentiality: Due to the possible sensitivity of the documents to be destroyed, the contractor shall not disclose any information obtained from the documents in the event the contractor observes any such documents during the course of pick up and document destruction. Furthermore, to the extent the contractor may have access to any report, tax return, or other sensitive information received by a P&P location in connection with the administration of the tax laws of the State, the contractor specifically shall comply with the section 32.057, RSMo. Any person making unlawful disclosure of information in violation of such section shall, upon conviction, be guilty of a class D felony. Therefore, as the need for confidentiality dictates, the contractor shall agree and understand that any or all of the following may be required; however, the determination of what is required shall rest solely on the Department.

- a. The contractor shall allow services to be inspected, observed, tested, and/or reviewed by a P&P location designee at all times. The contractor shall agree that said designee, at any time throughout the contract, may accompany the contractor during any portion of the collection, weighing, and destruction process. The contractor shall not restrict or in any way limit the designee's right or ability to oversee any services provided by the contractor.
- b. The contractor shall agree and understand that all discussions with the contractor and all information gained by the contractor as a result of the contractor's performance under the contract shall be confidential and that no reports, documentation, or material prepared as required by the contract shall be released to the public without the prior written consent of the Department.
- c. The contractor shall at no time sort through materials found in the containers but may remove such material as 3-ring binders or large binder clips should any find their way into the containers; but all materials in the binders or large binder clips must be shredded accordingly.
- d. All documents shall be destroyed in such manner that renders them into an irreparable, irreversible, unreadable, and indecipherable condition before they leave the P&P location.
- e. If required by the Department, the contractor and any required contractor personnel must sign specific documents regarding confidentiality, security, or other similar documents upon request. Failure of the contractor and any required personnel to sign such documents shall be considered a breach of contract and subject to the cancellation provisions of this document.

2.2.7 The contractor's personnel assigned to perform services under the contract must, at all times, wear a photo ID badge and uniform, which reflects the contractor's company name.

2.2.8 The contractor shall sign a signature log each time services are required to attest that all confidential documents have been destroyed. The signature log should have the date, time, and location when document destruction was completed and must also be countersigned by the P&P location designee. The signature log shall be maintained at and by each participating P&P location and made available for federal/state audit purposes.

2.2.9 The contractor and each of the contractor's personnel assigned to work with confidential documents must have a security clearance approved by the Department and sign a statement of confidentiality guaranteeing non-disclosure of information in order to provide services under the contract.

- a. The contractor must obtain each of the required security clearances from the State Highway Patrol.
- b. The confidentiality statement shall be designed, implemented, and maintained by the contractor.

2.2.10 The contractor shall recycle destroyed documents that are recyclable. As an incentive for the contractor to lower prices, the contractor may keep all funds received from the sale of the recyclable documents stated herein.

2.3 Security Requirements for Community Release Center and Community Supervision Centers:

2.3.1 Upon arrival to a community release center (CRC) or community supervision center (CSC) facility, the contractor and the contractor's personnel must present a photo form of legal identification.

- a. The contractor shall perform all collection and document destruction on-site in an appropriate vehicle. Vehicles used for the destruction of documents must have lockable cabs and lockable, fully enclosed boxes. When unattended, the vehicle cabs and boxes must be locked.

2.4 Invoicing and Payment Requirements:

2.4.1 The contractor shall understand and agree the state reserves the right to make contract payments to the contractor through electronic funds transfer (EFT). Therefore, prior to any payments becoming due under the contract, the contractor must update their vendor registration with their ACH-EFT payment information at <https://MissouriBUYS.mo.gov>. Each contractor invoice must be on the contractor's original descriptive business invoice form and must contain a unique invoice number. The invoice number will be listed on the state's EFT addendum record to enable the contractor to properly apply state payments to invoices. The contractor must comply with all other invoicing requirements stated in the IFB.

- a. The contractor may obtain detailed information for payments issued for the past 24 months from the State of Missouri's central accounting system (SAM II) on the Vendor Services Portal at: <https://www.vendorservices.mo.gov/vendorservices/Portal/Default.aspx>.

2.4.2 All payment terms shall be as stated in the terms and conditions of this contract. Payments will be processed based on final acceptance of services rendered.

2.4.3 The contractor shall accurately invoice per the price(s) indicated on **Exhibit A, Pricing Page**.

2.4.4 The Department may choose to use the state purchasing card (Visa) in place of a purchase order to make purchases under this contract. Unless exception to this condition is indicated on **Exhibit A, Pricing Page**, the contractor agrees to accept the state purchasing card as an acceptable form of payment and may not charge any additional fees related to the use of a purchasing card such as service fees, merchant fees, and/or handling charges.

2.4.5 Invoicing – The contractor shall submit an invoice by no later than the 15th day of the following month to the address listed below for each participating P&P location for which services were provided during the month.

- a. Each invoice shall be itemized by date of service, number of pounds of documents destroyed, the applicable firm fixed price per pound and/or firm fixed minimum charge, and the total invoice amount.
 - 1) If the minimum charge is not met for document destruction services, the contractor may invoice the minimum charge amount (instead of the firm fixed price per pound) in accordance with the Pricing Page.
 - 2) There shall be no additional charge to P&P for fuel.
- b. An itemized invoice form for each service shall be emailed to DOC.Payables@doc.mo.gov or mailed to:

- c. Each invoice submitted must be specific to one purchase order number. The purchase order number must be referenced on the invoice and the invoice must be itemized in accordance with the item(s) listed on the purchase order. Failure to comply with these requirements may delay processing of invoices for payment. Emailed invoices should contain the purchase order number in the subject line.
- d. The contractor's invoice should include any discount for prompt payment as indicated on **Exhibit A, Pricing Page**.

- 2.4.6 Payments – For each trip to a P&P facility, the contractor shall be paid for each pound of documents destroyed in accordance with the applicable firm fixed pricing stated on **EXHIBIT A, Pricing Page**. In the event the total payment due the contractor is less than the applicable firm fixed minimum charge stated on **EXHIBIT A, Pricing Page**, the contractor shall be paid the firm fixed minimum charge instead of being paid the firm fixed per pound price. However, if the total payment due the contractor is greater than the applicable firm fixed minimum charge stated on **EXHIBIT A, Pricing Page**, the contractor's payment shall be based solely on the firm fixed per pound price stated on **EXHIBIT A, Pricing Page**. The Department shall be responsible for payment for only those services requested by and performed at each P&P location.
- a. Other than the payments specified above, no other payments or reimbursements shall be made to the contractor for any reason whatsoever.

END OF SECTION 2: PERFORMANCE REQUIREMENTS

3 GENERAL CONTRACTUAL REQUIREMENTS

This section of the IFB includes the general contractual requirements and provisions that shall govern the contract after IFB award. The contents of this section include mandatory provisions that must be adhered to by the state and the contractor unless changed by a contract amendment. Response to this section by the bidder is not necessary as all provisions are mandatory.

3.1 Contractual Requirements:

3.1.1 Contract - A binding contract shall consist of: (1) the IFB and any amendments thereto, (2) the contractor's response (bid) to the IFB, (3) clarification of the bid, if any, and (4) the Department's acceptance of the response (bid) by "notice of award". All Exhibits and Attachments included in the IFB shall be incorporated into the contract by reference.

- a. A notice of award issued by the Department does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services to the Department, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the Department.
- b. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein.
- c. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Department prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

3.1.2 Contract Period - The original contract period shall be as stated on the Notice of Award. The contract shall not bind, nor purport to bind, the state for any contractual commitment in excess of the original contract period. The Department shall have the right, at its sole option, to renew the contract for two (2) additional one-year periods, or any portion thereof. In the event the Department exercises such right, all terms and conditions, requirements and specifications of the contract shall remain the same and apply during the renewal period, pursuant to applicable option clauses of this document.

3.1.3 Renewal Periods - If the option for renewal is exercised by the Department, the contractor shall agree that the prices for the renewal period shall not exceed the maximum percent of increase for the applicable renewal period stated on the Pricing Page of the contract.

- a. If renewal percentages are not provided, then prices during renewal periods shall be the same as during the original contract period.
- b. In addition, the contractor shall understand and agree that any renewal period increases specified in the contract are not automatic. At the time of contract renewal, if the state determines funding does not permit the specified renewal pricing increase or even a portion thereof, the renewal pricing shall remain the same as during the previous contract period. If such action is rejected by the contractor, the contract may be terminated, and a new procurement process may be conducted. The contractor shall also understand and agree the state may determine funding limitations necessitate a decrease in the contractor's pricing for the renewal period(s). If such action is necessary and the contractor rejects the decrease, the contract may be terminated, and a new procurement process may be conducted.

3.1.4 Contract Price - All prices shall be as indicated on Exhibit A, Pricing Page. The state shall not pay nor be liable for any other additional costs including but not limited to taxes, shipping charges, insurance, interest, penalties, termination payments, attorney fees, liquidated damages, etc.

- a. Prices shall include all packing, handling, shipping and freight charges FOB Destination, Freight Prepaid and Allowed. The State of Missouri shall not make additional payments or pay add-on charges for freight or shipping unless specifically described and priced in the bid, or as otherwise specifically stated and allowed by the IFB.
- 3.1.5 Termination - The Department reserves the right to terminate the contract at any time, for the convenience of the Department, without penalty or recourse, by giving written notice to the contractor at least thirty (30) calendar days prior to the effective date of such termination. The contractor shall be entitled to receive compensation for services and/or supplies delivered to and accepted by any P&P location pursuant to the contract prior to the effective date of termination.
- 3.1.6 Contractor Liability - The contractor shall be responsible for any and all personal injury (including death) or property damage as a result of the contractor's negligence involving any equipment or service provided under the terms and conditions, requirements and specifications of the contract. In addition, the contractor assumes the obligation to save the Department, including its divisions, employees, and assignees, from every expense, liability, or payment arising out of such negligent act.
- a. The contractor also agrees to hold the Department, including its divisions, employees, and assignees, harmless for any negligent act or omission committed by any subcontractor or other person employed by or under the supervision of the contractor under the terms of the contract.
 - b. The contractor shall not be responsible for any injury or damage occurring as a result of any negligent act or omission committed by the Department, including its divisions, employees, and assignees.
- 3.1.7 Insurance - The contractor shall understand and agree that the Department cannot save and hold harmless and/or indemnify the contractor or employees against any liability incurred or arising as a result of any activity of the contractor or any activity of the contractor's personnel or sub-contractors related to the contractor's performance under the contract. Therefore, the contractor must acquire and maintain adequate liability insurance in the form(s) and amount(s) sufficient to protect the Department, its divisions, its employees, its clients, and the general public against any such loss, damage and/or expense related to his/her performance under the contract. General and other non-professional liability insurance shall include an endorsement that adds the Department as an additional insured. Self-insurance coverage or another alternative risk financing mechanism may be utilized provided that such coverage is verifiable and irrevocably reliable and the Department is protected as an additional insured.
- a. In the event any insurance coverage is canceled, the Department must be notified at least thirty (30) calendar days prior to such cancellation.
- 3.1.8 Subcontractors - Any subcontracts for the products/services described herein must include appropriate provisions and contractual obligations to ensure the successful fulfillment of all contractual obligations agreed to by the contractor and the Department and to ensure that the Department is indemnified, saved, and held harmless from and against any and all claims of damage, loss, and cost (including attorney fees) of any kind related to a subcontract in those matters described in the contract between the Department and the contractor.
- a. The contractor shall expressly understand and agree that he/she shall assume and be solely responsible for all legal and financial responsibilities related to the execution of a subcontract.
 - b. The contractor shall agree and understand that utilization of a subcontractor to provide any of the products/services in the contract shall in no way relieve the contractor of the responsibility for providing the products/services as described and set forth herein.
 - c. Pursuant to subsection 1 of section 285.530, RSMo, no contractor or subcontractor shall knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. In accordance with sections 285.525 to 285.550, RSMo, a general contractor or subcontractor of any tier shall not be liable when such contractor or subcontractor contracts with its direct subcontractor who

violates subsection 1 of section 285.530, RSMo, if the contract binding the contractor and subcontractor affirmatively states that:

- 1) The direct subcontractor is not knowingly in violation of subsection 1 of section 285.530, RSMo, and shall not henceforth be in such violation.
- 2) The contractor or subcontractor receives a sworn affidavit under the penalty of perjury attesting to the fact that the direct subcontractor's employees are lawfully present in the United States.

3.1.9 Participation by Other Organizations - The contractor must comply with any Organization for the Blind/Sheltered Workshop and/or Service-Disabled Veteran Business Enterprise (SDVE) participation levels committed to in the contractor's awarded proposal.

- a. The contractor shall prepare and submit to the Department a report detailing all payments made by the contractor to Organizations for the Blind/Sheltered Workshops and/or SDVEs participating in the contract for the reporting period. The contractor must submit the report on a monthly basis, unless otherwise determined by the Department.
- b. The Department will monitor the contractor's compliance in meeting the Blind/Sheltered Workshops and/or SDVE participation levels committed to in the contractor's awarded proposal. If the contractor's payments to the participating entities are less than the amount committed, the Department may cancel the contract and/or suspend or debar the contractor from participating in future Department procurements, or retain payments to the contractor in an amount equal to the value of the participation commitment less actual payments made by the contractor to the participating entity. If the Department determines that the contractor becomes compliant with the commitment, any funds retained as stated above, will be released.
- c. If a participating entity fails to retain the required certification or is unable to satisfactorily perform, the contractor must obtain other organizations for the blind/sheltered workshops or other SDVEs to fulfill the participation requirements committed to in the contractor's awarded proposal.
 - 1) The contractor must obtain the written approval of the Department for any new entities. This approval shall not be arbitrarily withheld.
 - 2) If the contractor cannot obtain a replacement entity, the contractor must submit documentation to the Department detailing all efforts made to secure a replacement. The Department shall have sole discretion in determining if the actions taken by the contractor constitute a good faith effort to secure the required participation and whether the contract will be amended to change the contractor's participation commitment.
 - 3) No later than 30 days after the effective date of the first renewal period, the contractor must submit an affidavit to the Department signed by the director or manager of the participating Organizations for the Blind/Sheltered Workshop verifying provision of products and/or services and compliance of all contractor payments made to the Organizations for the Blind/Sheltered Workshops. The contractor may use the affidavit available on the Division of Purchasing website at <http://oa.mo.gov/sites/default/files/bswaffidavit.doc> or another affidavit providing the same information.

3.1.10 Authorized Personnel: The contractor shall only employ personnel authorized to work in the United States in accordance with applicable federal and state laws. This includes but is not limited to the Illegal Immigration Reform and Immigrant Responsibility Act (IIRIRA) and INA Section 274A.

- a. If the contractor is found to be in violation of this requirement or the applicable state, federal and local laws and regulations, and if the Department has reasonable cause to believe that the contractor has knowingly employed individuals who are not eligible to work in the United States, the Department shall have the right

to cancel the contract immediately without penalty or recourse and suspend or debar the contractor from doing business with the Department. The Department may also withhold up to twenty-five percent of the total amount due to the contractor.

- b. The contractor shall agree to fully cooperate with any audit or investigation from federal, state, or local law enforcement agencies.
 - c. If the contractor meets the definition of a business entity as defined in section 285.525, RSMo, pertaining to section 285.530, RSMo, the contractor shall maintain enrollment and participation in the E-Verify federal work authorization program with respect to the employees hired after enrollment in the program who are proposed to work in connection with the contracted services included herein. If the contractor's business status changes during the life of the contract to become a business entity as defined in section 285.525, RSMo, pertaining to section 285.530, RSMo, then the contractor shall, prior to the performance of any services as a business entity under the contract:
 - 1) Enroll and participate in the E-Verify federal work authorization program with respect to the employees hired after enrollment in the program who are proposed to work in connection with the services required herein; AND
 - 2) Provide to the Department the documentation required in the exhibit titled, Business Entity Certification, Enrollment Documentation, and Affidavit of Work Authorization affirming said company's/individual's enrollment and participation in the E-Verify federal work authorization program; AND
 - 3) Submit to the Department a completed, notarized Affidavit of Work Authorization provided in the exhibit titled, Business Entity Certification, Enrollment Documentation, and Affidavit of Work Authorization.
 - d. In accordance with subsection 2 of section 285.530, RSMo, the contractor should renew their Affidavit of Work Authorization annually. A valid Affidavit of Work Authorization is necessary to award any new contracts.
- 3.1.11 Contractor Status - The contractor is an independent contractor and shall not represent the contractor or the contractor's employees to be employees of the Department. The contractor shall assume all legal and financial responsibility for salaries, taxes, FICA, employee fringe benefits, workers compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save, and hold the Department, its officers, agents, and employees harmless from and against, any and all loss; cost (including attorney fees); and damage of any kind related to such matters.
- 3.1.12 Coordination - The contractor shall fully coordinate all contract activities with those activities of the P&P location. As the work of the contractor progresses, advice and information on matters covered by the contract shall be made available by the contractor to the Department or the P&P location throughout the effective period of the contract.
- 3.1.13 Contractor Equipment Use:
- a. Title to any equipment required by the contract shall be held by and vested in the contractor. The Department shall not be liable in the event of loss, incident, destruction, theft, damage, etc., for the equipment. It shall be the contractor's sole responsibility to obtain insurance coverage for such loss in an amount that the contractor deems appropriate.
 - b. Liability - The contractor shall agree that the Department shall not be responsible for any liability incurred by the contractor or the contractor's employees arising out of the ownership, selection, possession, leasing,

rental, operation, control, use, maintenance, delivery, return, and/or installation of equipment provided by the contractor, except as otherwise provided in the contract.

END OF SECTION 3: GENERAL CONTRACTUAL REQUIREMENTS

4. BID SUBMISSION, EVALUATION, AND AWARD INFORMATION

4.1 Submission of Bids:

- 4.1.1 The bidder should include the original bid, completed exhibits, forms, and other information concerning the bid, including a completed **Exhibit A, Pricing Page**, with the bid.
- a. Bids must be signed and returned with all necessary attachments to the Purchasing Section by the bid date and time as stated on the first page of this IFB. Specifically, any form containing a signature line such as page 1 of the original IFB and any amendments thereafter, **Exhibit A, Pricing Page**, etc., shall be manually signed and returned as part of the bid.
 - b. Recycled Products - The Department recognizes the limited nature of our resources and the leadership role of government agencies in regard to the environment. Accordingly, the bidder is requested to print the bid double-sided using recycled paper, if possible, and minimize or eliminate the use of non-recyclable materials such as plastic report covers, plastic dividers, vinyl sleeves, and binding. Lengthy bids may be submitted in a notebook or binder.
- 4.1.2 Open Records – Pursuant to section 610.021, RSMo, the bid shall be considered an open record after the contract is awarded. Therefore, the bidder is advised not to include any information that the bidder does not want to be viewed by the public, including personal identifying information such as social security numbers.
- a. In preparing a bid, the bidder should be mindful of document preparation efforts for imaging purposes and storage capacity that will be required to image the bids and should limit bid content to items that provide substance, quality of content, and clarity of information.
 - b. Additionally, after a contract is executed it is scanned into the Department's imaging system. The scanned information will be available for viewing through the Internet at <http://doc.mo.gov/DHS/Contracts.php>.
- 4.1.3 Submission of Information – To facilitate the evaluation process, the bidder is encouraged to submit bid information by sections that correspond with the individual evaluation categories described herein. The bidder is cautioned that it is the bidder's sole responsibility to submit necessary information. The Department is under no obligation to solicit any information if it is not included with the bid. The bidder's failure to submit information with the bid, including pricing and renewal information, may cause an adverse impact on the evaluation of the bid.
- 4.1.4 Contact – Any and all communication from bidders regarding specifications, requirements, competitive bid process, etc. related to the bid document must be referred to the Buyer of Record identified on the first page of this document. Such communication should be received at least ten calendar days prior to the official bid opening date.
- 4.1.5 Compliance with Terms and Conditions – The bidder is cautioned when submitting pre-printed terms and conditions or other type material to make sure such documents do not contain other terms and conditions which conflict with those of the IFB and its contractual requirements. The bidder agrees that in the event of conflict between any of the bidder's terms and conditions and those contained in the IFB that the IFB shall govern. Taking exception to the Department's terms and conditions may render a bidder's bid nonresponsive and remove it from consideration for award.
- 4.1.6 Preprinted Marketing Materials - The bidder may submit preprinted marketing materials with the bid; however, the bidder is advised that such brochures normally do not address the needs of the evaluators with respect to the technical evaluation process and the specific responses which have been requested of the bidder. The bidder is strongly discouraged from relying on such materials in presenting products and services for consideration by the Department.

- a. It is the bidder's responsibility to provide detailed information about how the service bid meets the specifications presented herein. If preprinted marketing materials do not specifically address each specification, the bidder should provide detailed information to assure that the service meets the Department's mandatory requirements. In the event this information is not submitted with the bid, the Buyer of Record may, but is not required to, seek written clarification from the bidder to provide assurance that the service bid meets specifications.

4.2 Evaluation and Award Process:

- 4.2.1 After determining that a bid satisfies the mandatory requirements stated in the Invitation for Bid, the evaluator(s) shall use objective analysis and subjective judgment in conducting a comparative assessment of the bid(s). The contract shall be awarded to the lowest and best bidder(s).
- 4.2.2 The evaluation shall include the original contract period plus the renewal periods.
- 3.2.3 Prices shall be considered firm for the duration of the contract period indicated on the Notice of Award of a contract.

4.3 Evaluation of Cost:

- 4.3.1 The bidder must submit firm fixed pricing for the service for which a bid is proposed on **EXHIBIT A, Pricing Page**.
 - a. The bidder should complete the "Terms" and the "Bidder's Acceptance of the State Purchasing Card" sections on Exhibit A, Pricing Page.
- 4.3.2 The objective evaluation of cost shall be based on the firm fixed pricing stated on **EXHIBIT A, Pricing Page** for each potential contract period.
 - a. Cost will be evaluated for each region by multiplying the firm fixed price stated on **EXHIBIT A, Pricing Page** by the estimated quantities of each line item and adding the totals together. The cost for renewal periods will be calculated in the same manner.
 - b. The bidder shall agree and understand that the quantities used in the evaluation of cost are provided solely to document how cost will be evaluated. The Department makes no guarantee regarding the accuracy of the quantities stated nor does the Department intend to imply that the figures used for the cost evaluation in any way reflect either actual or anticipated usage.
 - c. Cost evaluation points shall be determined from the result of the calculation stated above using the following formula:

$$\frac{\text{Lowest Responsive Bidder's Price}}{\text{Compared Bidder's Price}} \times \frac{\text{Maximum Cost}}{\text{Evaluation Points (100)}} = \text{Assigned Cost Points}$$

NOTE: The prompt payment discount terms on contracts will not be used in any cost calculation.

- d. If the unit of measure specified on the attached pricing page is different than the manner in which the bidder offers that item, then the unit of measure being proposed by the bidder must be clearly identified on the pricing page. All mathematical conversions should be shown by the bidder, and must be provided upon specific request from the buyer.
- e. In the cost evaluation, a unit price conversion will be done to fairly evaluate bid prices. However, for any resulting contract, the unit of measure bid will be the unit of measure awarded. Bidders are encouraged to

contact the Buyer **prior** to submission of their bid to discuss anticipated unit modifications. The bidder is cautioned that the Department reserves the right to clarify the unit of measure modification or to disqualify the bid for that line item if the unit of measure modification is not deemed appropriate or in the best interests of the Department.

4.4 Determination for Award:

- 4.4.1 The Department reserves the right to award to the bidder(s) whose bid complies with all mandatory specifications and requirements and is the lowest and best bidder(s) for the service.
- 4.4.2 Award for each region shall be made to the bidder whose bid meets specifications and who is the lowest responsive bidder for the service.
- 4.4.3 Other factors that affect the determination of the lowest priced responsive bidder(s) include consideration of Organizations for the Blind and Sheltered Workshop Preference and the Missouri Service-Disabled Veteran Business Preference explained in the paragraphs that follow.
- 4.4.4 Determination of Lowest Priced Bidder including Consideration of Preferences - After completing the cost evaluation and determining preference bonus points, the bidder with the most points is considered the lowest bidder. Total points shall be computed for the total evaluated bid price as follows:

$$\text{Total Assigned Cost Points} + \text{Earned Preference Points} = \text{Total Points}$$

- 4.4.5 The Department reserves the right to reject any bid which is determined unacceptable for reasons which may include but are not necessarily limited to: 1) failure of the bidder to meet mandatory general performance specifications; and/or 2) failure of the bidder to meet mandatory technical specifications; and/or, 3) receipt of any information, from any source, regarding delivery of unsatisfactory product or service by the bidder within the past three years. As deemed in its best interests, the Department reserves the right to clarify any and all portions of any bidder's offer.

4.5 Organizations for the Blind and Sheltered Workshop Preference:

- 4.5.1 Pursuant to section 34.165, RSMo, and 1 CSR 40-1.050, a ten (10) bonus point preference shall be granted to bidders including products and/or services manufactured, produced or assembled by a qualified nonprofit organization for the blind established pursuant to 41 U.S.C. sections 46 to 48c or a sheltered workshop holding a certificate of approval from the Department of Elementary and Secondary Education pursuant to section 178.920, RSMo.
- 4.5.2 In order to qualify for the ten bonus points, the following conditions must be met and the following evidence must be provided:
 - a. The bidder must either be an organization for the blind or sheltered workshop or must be proposing to utilize an organization for the blind/sheltered workshop as a subcontractor and/or supplier in an amount that must equal the greater of \$5,000 or 2% of the total dollar value of the contract for purchases not exceeding \$10 million.

The services performed or the products provided by the organization for the blind or sheltered workshop must provide a commercially useful function related to the delivery of the contractually-required service/product in a manner that will constitute an added value to the contract and shall be performed/provided exclusive to the performance of the contract. Therefore, if the services performed or the products provided by the organization for the blind or sheltered workshop is utilized, to any extent, in the bidder's obligations outside of the contract, it shall not be considered a valid added value to the contract and shall not qualify as participation in accordance with this clause.

- c. If the bidder is proposing participation by an organization for the blind or sheltered workshop, in order to receive evaluation consideration for participation by the organization for the blind or sheltered workshop, the bidder must provide the following information with the bid:

- 1) Participation Commitment - The bidder must complete **EXHIBIT B, Participation Commitment**, by identifying the organization for the blind or sheltered workshop and the commercially useful products/services to be provided by the listed organization for the blind or sheltered workshop. 4.6 Missouri Service-Disabled Veteran Business Enterprise Preference:

- 4.6.1 Missouri Service-Disabled Veteran Business Preference - Pursuant to section 34.074, RSMo, and 1 CSR 40-1.050, a three (3) bonus point preference shall be granted to bidders who qualify as Missouri service-disabled veteran business enterprises and who complete and submit **EXHIBIT D, Missouri Service-Disabled Veteran Business Enterprise Preference** with the bid. If the bid does not include the completed **EXHIBIT D** and the documentation specified on **EXHIBIT D** in accordance with the instructions provided therein, no preference points will be applied.

- f. The contractor shall only utilize personnel authorized to work in the United States in accordance with applicable federal and state laws and Executive Order 07-13 for work performed in the United States.

3. CONTRACT ADMINISTRATION

- a. All contractual administration will be carried out by the Buyer of Record or authorized Department Purchasing Section designee. Communications pertaining to contract administration matters will be addressed to: Department of Corrections, Purchasing Section, PO Box 236, Jefferson City, MO 65102.
- b. The Buyer of Record/authorized designee is the only person authorized to approve changes to any of the requirements of the contract.

4. OPEN COMPETITION/INVITATION FOR BID DOCUMENT

- a. It shall be the bidder's responsibility to ask questions, request changes or clarification, or otherwise advise the Department if any language, specifications or requirements of an IFB appear to be ambiguous, contradictory, and/or arbitrary, or appear to inadvertently restrict or limit the requirements or evaluation process stated in the IFB to a single source. Any and all communication from bidders regarding specifications, requirements, competitive bid process, etc., must be directed to the Buyer of Record of the Department, unless the IFB specifically refers the bidder to another contact. Such communication should be received at least ten (10) calendar days prior to the official bid opening date.
- b. Every attempt shall be made to ensure that the bidder receives an adequate and prompt response. However, in order to maintain a fair and equitable bid process, all bidders will be advised, via the issuance of an amendment to the IFB, of any relevant or pertinent information related to the procurement. Therefore, bidders are advised that unless specified elsewhere in the IFB, any questions received less than ten (10) calendar days prior to the IFB opening date may not be answered.
- c. Bidders are cautioned that the only official position of the State of Missouri is that which is issued by the Department in the IFB or an amendment thereto. No other means of communication, whether oral or written, shall be construed as a formal or official response or statement.
- d. The Department monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among bidders, price-fixing by bidders, or any other anticompetitive conduct by bidders which appears to violate state and federal antitrust laws. Any suspected violation shall be referred to the Missouri Attorney General's Office for appropriate action.
- e. Some IFBs are available for viewing and downloading on the Department's website.
- f. The Department reserves the right to officially amend or cancel an IFB after issuance.

5. PREPARATION OF BIDS

- a. Bidders **must** examine the entire IFB carefully. Failure to do so shall be at the bidder's risk.
- b. Unless otherwise specifically stated in the IFB, all specifications and requirements constitute minimum requirements. All bids must meet or exceed the stated specifications and requirements.
- c. Unless otherwise specifically stated in the IFB, any manufacturer names, trade names, brand names, information and/or catalog numbers listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition. The bidder may offer any brand which meets or exceeds the specification for any item, but must state the manufacturer's name and model number for any such brands in the bid. In addition, the bidder shall explain, in detail, (1) the reasons why the proposed equivalent meets or exceeds the specifications and/or requirements and (2) why the proposed equivalent should not be considered an exception thereto. Bids which do not comply with the requirements and specifications are subject to rejection without clarification.
- d. Bids lacking any indication of intent to bid an alternate brand or to take an exception shall be received and considered in complete compliance with the specifications and requirements as listed in the IFB.
- e. In the event that the bidder is an agency of state government or other such political subdivision which is prohibited by law or court decision from complying with certain provisions of an IFB, such a bidder may submit a bid which

contains a list of statutory limitations and identification of those prohibitive clauses. The bidder should include a complete list of statutory references and citations for each provision of the IFB which is affected by this paragraph. The statutory limitations and prohibitive clauses may be requested to be clarified in writing by the Department or be accepted without further clarification if statutory limitations and prohibitive clauses are deemed acceptable by the Department. If the Department determines clarification of the statutory limitations and prohibitive clauses is necessary, the clarification will be conducted in order to agree to language that reflects the intent and compliance of such law and/or court order and the IFB.

- f. All equipment and supplies offered in a bid must be new, of current production, and available for marketing by the manufacturer unless the IFB clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered.
- g. Prices shall include all packing, handling and shipping charges, and shall be delivered to the Department's designated destination FOB destination, freight prepaid and allowed unless otherwise specified in the IFB.
- h. Bids, including all pricing therein, shall remain valid for 90 days from the bid opening unless otherwise indicated. If the bid is accepted, the entire bid, including all prices, shall be firm for the specified contract period.
- i. Any foreign bidder not having an Employer Identification Number assigned by the United States Internal Revenue Service (IRS) must submit a completed IRS Form W-8 prior to or with the submission of their bid in order to be considered for award.

6. SUBMISSION OF BIDS

- a. Delivered bids must be sealed in an envelope or container, and received in the Department's Purchasing office located at the address indicated on the cover page of the IFB no later than the exact opening time and date specified in the IFB. All bids must be submitted by a duly authorized representative of the bidder's organization, contain all information required by the IFB, and be priced as required. Bidders are cautioned that bids submitted via the USPS, including first class mail, certified mail, Priority Mail and Priority Mail Express, are routed through the Office of Administration Central Mail Services and the tracking delivery time and date may not be the time and date received by the Department's Purchasing office. Regardless of delivery method, it shall be the responsibility of the bidder to ensure their bid is in the Department's Purchasing office no later than the exact opening time and date specified in the IFB.
- b. The sealed envelope or container containing a bid should be clearly marked on the outside with the official IFB number **and** the official opening date and time. Different bids should not be placed in the same envelope; however, copies of the same bid may be placed in the same envelope.
- c. A bid which has been delivered to the Department may be modified by a signed, written notice which has been received by the Department's Purchasing office prior to the official opening date and time specified. A bid may also be modified in person by the bidder or its authorized representative, provided proper identification is presented before the official opening date and time. Telephone or telegraphic requests to modify a bid shall not be honored.
- d. A bid which has been delivered to the Department's Purchasing office may only be withdrawn by a signed, written document on company letterhead transmitted via mail, e-mail, or facsimile which has been received by the Department's Purchasing office prior to the official opening date and time specified. A bid may also be withdrawn in person by the bidder or its authorized representative provided proper identification is presented before the official opening date and time. Telephone or telegraphic requests to withdraw a bid shall not be honored.
- e. A bid may also be withdrawn after the bid opening through submission of a written request by an authorized representative of the bidder. Justification of a withdrawal decision may include a significant error or exposure of bid information that may cause irreparable harm to the bidder.
- f. Bidders must sign and return the IFB cover page or, if applicable, the cover page of the last amendment thereto in order to constitute acceptance by the bidder of all the IFB terms and conditions. Failure to do so may result in the rejection of the bid unless the bidder's full compliance with those documents is indicated elsewhere within the bidder's response.
- g. Faxed and e-mailed bids shall not be accepted; however, faxed and e-mail no-bid notifications shall be accepted.

7. BID OPENING

- a. Bid openings are public on the opening date and time specified in the IFB document. Names, locations, and prices of respondents shall be read at the bid opening. The Department will not provide prices or other bid information via the telephone.
- b. Bids which are not received in the Department's Purchasing office prior to the official opening date and time shall be considered late, regardless of the degree of lateness, and normally will not be opened. Late bids may only be opened under extraordinary circumstances in accordance with 1 CSR 40-1.050.

8. PREFERENCES

- a. In the evaluation of bids, preferences shall be applied in accordance with Chapter 34 RSMo. Contractors should apply the same preferences in selecting subcontractors.
- b. By virtue of statutory authority, a preference will be given to materials, products, supplies, provisions and all other articles produced, manufactured, made or grown within the State of Missouri and to all firms, corporations or individuals doing business as Missouri firms, corporations or individuals. Such preference shall be given when quality is equal or better and delivered price is the same or less.

9. EVALUATION/AWARD

- a. Any clerical error, apparent on its face, may be corrected by the Buyer of Record before contract award. Upon discovering an apparent clerical error, the Buyer of Record shall contact the bidder and request clarification of the intended bid. The correction shall be incorporated in the notice of award. Examples of apparent clerical errors are: 1) misplacement of a decimal point; and 2) obvious mistake in designation of unit.
- b. Any pricing information submitted by a bidder shall be subject to evaluation if deemed by the Department to be in the best interest of the State of Missouri.
- c. The bidder is encouraged to propose price discounts for prompt payment or propose other price discounts that would benefit the Department. However, unless otherwise specified in the IFB, pricing shall be evaluated at the maximum potential financial liability to the Department.
- d. Awards shall be made to the bidder(s) whose bid (1) complies with all mandatory specifications and requirements of the IFB and (2) is the lowest and best bid, considering price, responsibility of the bidder, and all other evaluation criteria specified in the IFB and (3) complies with sections 34.010 and 34.070 RSMo and Executive Order 04-09.
- e. In the event all bidders fail to meet the same mandatory requirement in an IFB, the Department reserves the right, at its sole discretion, to waive that requirement for all bidders and to proceed with the evaluation. In addition, the Department reserves the right to waive any minor irregularity or technicality found in any individual bid.
- f. The Department reserves the right to reject any and all bids.
- g. When evaluating a bid, the Department reserves the right to consider relevant information and fact, whether gained from a bid, from a bidder, from a bidder's references, or from any other source.
- h. Any information submitted with the bid, regardless of the format or placement of such information, may be considered in making decisions related to the responsiveness and merit of a bid and the award of a contract.
- i. Any award of a contract shall be made by notification from the Department to the successful bidder. The Department reserves the right to make awards by item, group of items, or an all or none basis. The grouping of items awarded shall be determined by the Department based upon factors such as item similarity, location, administrative efficiency, or other considerations in the best interest of the State of Missouri.
- j. All bids and associated documentation submitted on or before the official opening date and time will be considered open records pursuant to section 610.021 RSMo.
- k. The Department maintains records of all bid file material for review. Bidders who include an e-mail address with their bid will be notified of the award results via e-mail if requested.
- l. The Department reserves the right to request clarification of any portion of the bidder's response in order to verify the intent of the bidder. The bidder is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.
- m. Any bid award protest must be received within ten (10) business days after the date of award in accordance with the requirements of 1 CSR 40-1.050 (9).
- n. The final determination of contract award(s) shall be made by the Department.

10. CONTRACT/PURCHASE ORDER

- a. By submitting a bid, the bidder agrees to furnish any and all equipment, supplies and/or services specified in the IFB, at the prices quoted, pursuant to all requirements and specifications contained therein.
- b. A binding contract shall consist of: (1) the IFB and any amendments thereto, (2) the contractor's response (bid) to the IFB, (3) clarification of the bid, if any, and (4) the Department's acceptance of the response (bid) by "notice of award" or by "purchase order." All Exhibits and Attachments included in the IFB shall be incorporated into the contract by reference.
- c. A notice of award issued by the Department does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the Department, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the Department.
- d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Department prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

11. INVOICING AND PAYMENT

- a. The State of Missouri does not pay state or federal taxes unless otherwise required under law or regulation.
- b. For each purchase order received, an invoice must be submitted that references the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.
- c. Payment for all equipment, supplies, and/or services required herein shall be made in arrears unless otherwise indicated in the IFB.
- d. The Department assumes no obligation for equipment, supplies, and/or services shipped or provided in excess of the quantity ordered. Any unauthorized quantity is subject to the Department's rejection and shall be returned to the contractor at the contractor's expense.
- e. All invoices for equipment, supplies, and/or services purchased by the Department shall be subject to late payment charges as provided in section 34.055 RSMo.
- f. The Department reserves the right to purchase goods and services using the state purchasing card.

12. DELIVERY

- a. Time is of the essence. Deliveries of equipment, supplies, and/or services must be made no later than the time stated in the contract or within a reasonable period of time if a specific time is not stated.
- b. A Missouri Uniformed Law Enforcement System (MULES) background check may be required on the contractor's delivery driver prior to allowing a delivery vehicle entrance to certain institutions. A valid Missouri driver's license is required from the driver to perform the MULES background check. If the driver does not have a valid Missouri driver's license, their social security number and date of birth are required. If a driver or carrier refuses to provide the appropriate information to conduct a MULES background check, or if information received from the background check prohibits the driver or carrier from entering the institution, the delivery will be refused. Additional delivery costs associated with re-deliveries or contracting with another carrier for delivery shall be the responsibility of the contractor.
- c. Unless a pallet exchange is requested at the time of delivery, all pallets used in the delivery of equipment and supplies shall become property of the Department.

13. INSPECTION AND ACCEPTANCE

- a. No equipment, supplies, and/or services received by the Department pursuant to a contract shall be deemed accepted until the Department has had reasonable opportunity to inspect said equipment, supplies, and/or services.
- b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements, or which are otherwise unacceptable or defective, may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective, or which do not conform to any warranty of the contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection), may be rejected.
- c. The Department reserves the right to return any such rejected shipment at the contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.
- d. The Department's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the state may have.

14. WARRANTY

- a. The contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by the Department, (2) be fit and sufficient for the purpose expressed in the IFB, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.
- b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the Department's acceptance of or payment for said equipment, supplies, and/or services.

15. CONFLICT OF INTEREST

- a. Elected or appointed officials or employees of the State of Missouri or any political subdivision thereof, serving in an executive or administrative capacity, must comply with sections 105.452 and 105.454 RSMo regarding conflict of interest.
- b. The contractor hereby covenants that at the time of the submission of the bid the contractor has no other contractual relationships which would create any actual or perceived conflict of interest. The contractor further agrees that during the term of the contract neither the contractor nor any of its employees shall acquire any other contractual relationships which create such a conflict.

16. CONTRACTOR STATUS

- a. The contractor represents itself to be an independent contractor offering such services to the general public and shall not represent itself to be an employee of the State of Missouri. Therefore, the contractor shall assume all legal and financial responsibility for taxes, FICA, employee fringe benefits, workers compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save, and hold the State of Missouri, its officers, agents, and employees, harmless from and against, any and all loss, costs (including attorney fees), and damage of any kind related to such matters.

17. REMEDIES AND RIGHTS

- a. No provision in the contract shall be construed, expressly or implied, as a waiver by the Department of any existing or future right and/or remedy available by law in the event of any claim by the Department of the contractor's default or breach of contract.
- b. The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the Department of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the Department for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the contractor in the fulfillment of the contract with the Department.

18. SEVERABILITY

- a. If any provision of this contract or the application thereof is held invalid, the invalidity shall not affect other provisions or applications of this contract which can be given effect without the invalid provisions or application, and to this end the provisions of this contract are declared to be severable.

19. CANCELLATION OF CONTRACT

- a. In the event of material breach of the contractual obligations by the contractor, the Department may cancel the contract. At its sole discretion, the Department may give the contractor an opportunity to cure the breach or to explain how the breach will be cured. The actual cure must be completed within no more than ten (10) working days from notification, or at a minimum, the contractor must provide the Department within ten (10) working days from notification a written plan detailing how the contractor intends to cure the breach.
- b. If the contractor fails to cure the breach, or if circumstances demand immediate action, the Department will issue a notice of cancellation terminating the contract immediately. If it is determined the Department improperly cancelled the contract, such cancellation shall serve as notice of termination for convenience in accordance with the contract.
- c. If the Department cancels the contract for breach, the Department reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the Department deems appropriate and charge the contractor for any additional costs incurred thereby.
- d. The contractor understands and agrees that if the funds required to fund the contract are appropriated by the General Assembly of the State of Missouri, the contract shall not be binding upon the Department for any contract period in which funds have not been appropriated, and the Department shall not be liable for any costs associated with termination caused by lack of appropriations.
- e. If the Department has reasonable cause to believe that the contractor has knowingly employed individuals who are not eligible to work in the United States in violation of federal law, the Department shall declare a breach and cancel the contract immediately without incurring any penalty.

20. TERMINATION OF CONTRACT

- a. The Department reserves the right to terminate the contract at any time for the convenience of the Department, without penalty or recourse, by giving notice to the contractor at least thirty (30) calendar days prior to the effective date of such termination. The contractor shall be entitled to receive just and equitable compensation for services and/or supplies or equipment delivered to and accepted by the Department pursuant to the contract prior to the effective date of termination.

21. ASSIGNMENT OF CONTRACT

- a. The contractor shall neither assign nor transfer any of the rights, interests, or obligations of the contract without the prior written consent of the Department.

22. COMMUNICATIONS AND NOTICES

- a. Any notice to the contractor shall be deemed sufficient when e-mailed to the contractor at the e-mail address indicated in the contract, or transmitted by facsimile to the facsimile number indicated in the contract, or deposited in the United States mail, postage prepaid, and addressed to the contractor at the address indicated in the contract, or hand-carried and presented to an authorized employee of the contractor.
- b. If the contractor desires to receive written notices at a different e-mail address, facsimile number, or USPS address than what is indicated in the contract, the contractor must submit this request in writing upon notice of award.

23. FORCE MAJEURE

- a. The contractor shall not be liable for any excess costs for delayed delivery of goods or services to the Department if the failure to perform the contract arises out of causes beyond the control of, and without the fault or negligence of, the contractor. Such causes may include, however are not restricted to: acts of God, fires, floods, epidemics,

quarantine restrictions, strikes, and freight embargoes. In all cases, the failure to perform must be beyond the control of, and without the fault or negligence of, either the contractor or any subcontractor(s). The contractor shall take all possible steps to recover from any such occurrences.

24. CONTRACT EXTENSION

- a. In the event of an extended re-procurement effort and the contract's available renewal options have been exhausted, the Department reserves the right to extend the contract. If exercised, the extension shall be for a period of time as mutually agreed to by the Department and the contractor at the same terms, conditions, provisions, and pricing in order to complete the procurement process and transition to a new contract.

25. INSURANCE

- a. The State of Missouri cannot save and hold harmless and/or indemnify the contractor or its employees against any liability incurred or arising as a result of any activity of the contractor or the contractor's employees related to the contractor's performance under the contract. Therefore, the contractor must acquire and maintain adequate liability insurance in the form(s) and amount(s) sufficient to protect the State of Missouri, its agencies, its employees, its clients, and the general public against any such loss, damage, and/or expense related to his/her performance under the contract.

26. BANKRUPTCY OR INSOLVENCY

- a. Upon filing for any bankruptcy or insolvency proceeding by or against the contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the contractor must notify the Department immediately.
- b. Upon learning of any such actions, the Department reserves the right, at its sole discretion, to either cancel the contract or affirm the contract and hold the contractor responsible for damages.

27. INVENTIONS, PATENTS AND COPYRIGHTS

- a. The contractor shall defend, protect, and hold harmless the Department, its officers, agents, and employees against all suits of law or in equity resulting from patent and copyright infringement concerning the contractor's performance or products produced under the terms of the contract.

28. CONTRACTOR PROPERTY

- a. Upon expiration, termination or cancellation of a contract, any contractor property left in the possession of the Department after forty-five (45) calendar days shall become property of the Department.

29. NON-DISCRIMINATION AND AFFIRMATIVE ACTION

- a. In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall agree not to discriminate against recipients of services or employees or applicants for employment on the basis of race, color, religion, national origin, sex, age, disability, or veteran status unless otherwise provided by law. If the contractor or subcontractor employs at least 50 persons, they shall have and maintain an affirmative action program which shall include:
 1. A written policy statement committing the organization to affirmative action and assigning management responsibilities and procedures for evaluation and dissemination;
 2. The identification of a person designated to handle affirmative action;
 3. The establishment of non-discriminatory selection standards, objective measures to analyze recruitment, an upward mobility system, a wage and salary structure, and standards applicable to layoff, recall, discharge, demotion, and discipline;
 4. The exclusion of discrimination from all collective bargaining agreements; and

5. Performance of an internal audit of the reporting system to monitor execution and to provide for future planning.
- b. If discrimination by a contractor is found to exist, the Department shall take appropriate enforcement action which may include, but not necessarily be limited to, cancellation of the contract, suspension, or debarment by the Department until corrective action by the contractor is made and ensured, and referral to the Attorney General's Office, whichever enforcement action may be deemed most appropriate.

30. AMERICANS WITH DISABILITIES ACT

- a. In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall comply with all applicable requirements and provisions of the Americans with Disabilities Act (ADA).

31. FILING AND PAYMENT OF TAXES

- a. The commissioner of administration and other agencies to which the state purchasing law applies shall not contract for goods or services with a vendor if the vendor or an affiliate of the vendor makes sales at retail of tangible personal property or for the purpose of storage, use, or consumption in this state but fails to collect and properly pay the tax as provided in chapter 144, RSMo. For the purposes of this section, "affiliate of the vendor" shall mean any person or entity that is controlled by or is under common control with the vendor, whether through stock ownership or otherwise. Therefore a bidder's failure to maintain compliance with chapter 144, RSMo may eliminate their bid from consideration for award.
